## Court Order Blocks Airline Pilot Strike

### Army Plans Space Probe Shot Dec. 6

Launching Slated  
At Cape Canaveral  
For 'Juno' Device

By STANLEY MEISLER  
WASHINGTON (AP)—The Army hopes to fire its first space probe Dec. 6. It will be much lighter and simpler than the ones the Air Force used in three tries at reaching the vicinity of the moon.

The launching will be made from Cape Canaveral, Fla., the base from which the Air Force sent aloft its lunar probes earlier this year. One of these was partially successful, but two other rockets failed not long after takeoff.

The Army plans to launch a new rocket combination it calls Juno. This comprises a modified Jupiter intermediate range ballistic missile and three rocket stages fueled with solid propellants.

The probe, riding in the nose of the rocket, will contain 15 pounds of instruments while the probe case will weigh another 15 pounds.

The Air Force lunar probes weighed about 85 pounds, with instrumentation accounting for about 25 pounds of this.

Unlike the Air Force, the Army goal is to pass the moon and head toward the sun.

If the probe enters the sun's field of gravity, it could be pulled into orbit. Then it would be a baby planet revolving about the sun just as Earth, Mars, Venus and the other planets do.

Cape Canaveral soon will have to share attention with the Pacific Coast in missile and space vehicle launches.

Information sources say the first launches from Vandenberg Air Force Base near Lompoc, Calif., will come in December.

There had been speculation that the new launches would include the reconnaissance satellites Sentry and Pied Piper. They would circle the earth about 200 to 400 miles up, and scan the land below.

Due For 1959 Trials  
But a Defense Department spokesman said the Pied Piper and Sentry will not be tried for at least a year.

In the three Air Force shots at the moon, one rocket blew up after a bit more than one minute in the air. The second traveled roughly a third of the 230,000 miles to the moon, then fell back to a flaming death in the atmosphere. The third reached only 1,000 miles when one of its stages misfired.

Now the Army has two chances. Although the aim of the first probe is to pass the moon, Dr. Werner von Braun, head of the Army space probe program, has said it might get caught in the moon's pull of gravity instead.

Then the Army probe could become a satellite of the moon or hit it.

Neither brother had any medical training, Robert said he was elected to perform the operation because he knew where the windpipe was.

The doctor was described as in good condition in a hospital today and is expected to be released in a few days.

One-Time Slave Dies,  
Nearing 112th Birthday

DELAND, Fla. (AP)—Joe Luke, 111, a former slave who would have observed his 112th birthday Dec. 24, died Sunday. He was born in Coosa County, Ala., and often told about watching Gen. Sherman march through the countryside during the Civil War.

He is still outnumbered by their more conservative Republican colleagues. Thus they are unlikely to challenge the elevation of Sen. Everett Dirksen of Illinois from whip to floor leader. Dirksen would succeed William F. Knowland, who retired to run for governor of California and lost.

If Dirksen gets the top post, the liberals want one of their number as second in command in a new job of assistant leader which may be established.

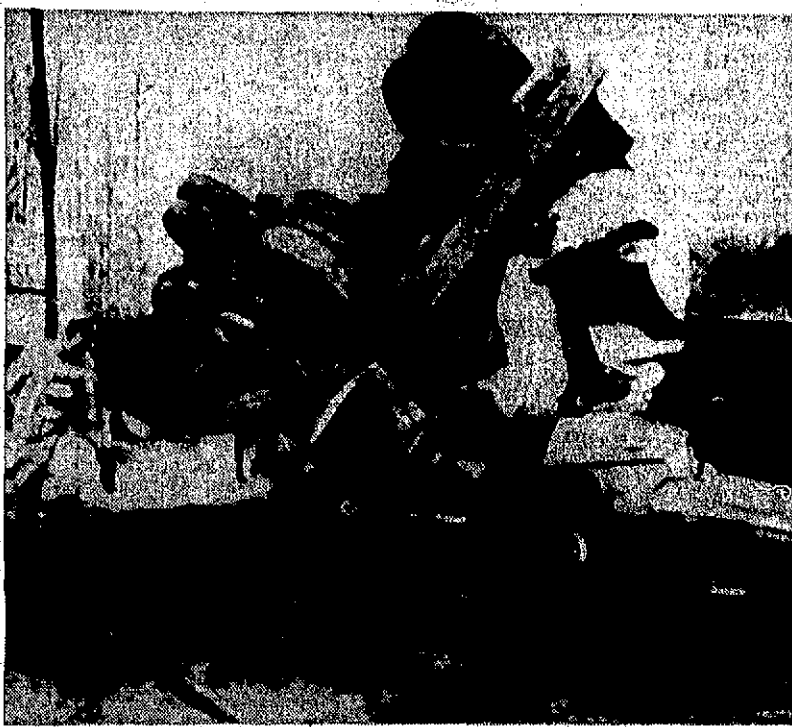

Some of the conservatives would like to keep these two places within their own ranks and give the third position to the liberals.

John Sherman Cooper (R-Ky.) served notice in a statement he intends to demand "more vigorous representation of the progressive views of our party."

Cooper's statement was interpreted as indicating he is receptive to a proposal by Sen. Prescott Bush (R-Conn.) that Cooper be given one of the GOP leadership posts when the new Congress convenes in January.

This pointed to the possibility of a split among the Republican liberals. Several of them already are understood to be committed to Sen. Thomas H. Kuchel of California as their representative in the leadership.

### Fight Opens To Head Off Red Boycott

UNITED NATIONS, N.Y. (AP)—An army of small nations pressed a last-ditch effort today to head off a Soviet boycott of a new U.N. committee to study peaceful use of outer space.

The compromise seekers hoped to get the United States and the Soviet Union together before the Assembly takes final action authorizing establishment of the new committee. But their chances of success appeared slight.

A parade of the smaller countries appealed for Soviet-American accord Monday night after the U.N.'s 81-nation Political Committee voted 54-9, with 18 abstentions, for a resolution sponsored by the United States and 19 other nations.

The resolution would create an 18-nation committee to do the groundwork for a permanent U.N. body to coordinate use of outer space for peaceful purposes.

The resolution nominates the Soviet Union, Poland and Czechoslovakia to the space committee, but the Soviets still disapproved of the lineup and announced they would boycott the group. The nine votes against the resolution came from the Soviet bloc.

Most of the abstainers were Asian or African nations.

The Political Committee rejected a last-minute proposal by India, Burma and the United Arab Republic. It would have brought the United States and the Soviet Union together again in private talks in an effort to reach an agreement on composition of the new committee.

Chief U.S. Delegate Henry Cabot Lodge said such talks at this time would be pointless and might only aggravate tension.

ITU Strikes  
Booth Papers

DETROIT (UPI)—The International Typographical Union went on strike against Booth Newspapers, Inc., Monday night when bargaining failed to agree on a new contract. Booth publishes nine papers in eight outstate cities.

Pickets halted publication Monday night of the Grand Rapids Herald, the only morning newspaper in the group.

Picket lines also were thrown up Monday night at the Bay City Times, Grand Rapids Press and Jackson Citizen-Patriot.

The other Booth papers are the Flint Journal, Saginaw News, the Ann Arbor News, the Muskegon Chronicle and the Kalamazoo Gazette.

### Living Costs Not Changed In U. S. Index

WASHINGTON (AP)—Living costs as measured by the federal government remained unchanged in October.

The Labor Department reported today its consumer price index held steady at 123.7 per cent of the 1947-49 average. This is the same as in August and September. The peak was 123.9 in July.

Hersey E. Riley, Labor Department price chief, said the over-all living cost level is "teetering in a narrow range with slight increases for some consumer items and countering slight declines for others."

"We have stability achieved by a balance of forces," Riley said.

He said this is expected to continue for the next few months.

In October, food prices averaged 1/2 of 1 per cent lower than in September but prices of most other goods and services averaged higher.

Because of the relatively steady living cost level over the last three months, there will be no adjustment in pay rates for nearly one million workers in the auto and related industries whose labor contracts call for quarterly adjustments based on the government index.

However, decreases of about 1 cent are scheduled to go into effect in the pay rates of about 200,000 other workers, whose contracts have a different adjustment basis from the auto worker group.

Five Airmen  
Die In Crash

LORING AFB, Maine (UPI)—Five airmen were killed today when a jet strafeolanker crashed and burned at this air base while practicing "touch-and-go" landings. Two men survived.

It was the second similar mishap at this northern Maine airfield within four days. A B-47 crashed on takeoff Saturday, killing four crewmen.

The Air Force listed the survivors of today's crash as Capt. Herman J. Dosenbach, 35, St. Louis, and Tech Sgt. Charles A. Holsclaw, 31, Route 2, Madison, Ind.

Noted Inventor  
Improves After  
'Slight' Stroke

DAYTON, Ohio (AP)—Charles F. (Boss) Kettering, whose ideas inventions and improvements have had a far-reaching effect on industry, continued to rest at his home today after suffering a slight stroke.

The 82-year-old automotive inventor has been in an oxygen tent since Monday.

His physician, Dr. G. Douglas Talbot, said an electrocardiogram reading indicated Kettering's heart and blood pressure are good.

The doctor termed the difficulty "a slight stroke" in correcting an earlier medical announcement which said Kettering suffered a mild coronary.

### U. S. Jurist Grants Plea Of One Line

Two Other Airlines  
Closed Down With  
Thanksgiving Near

MIAMI, Fla. (AP)—An 11th-hour court order blocked a pilots' strike at American Airlines and prevented the Thanksgiving holiday air travel crisis from becoming worse. Two other airlines are paralyzed by strikes.

The Air Line Pilots Assn. had threatened to strike American at midnight. Federal Judge Frederick V. E. Bryan issued a temporary restraining order Monday night enjoining the walkout.

Eastern Air Lines, the country's largest air passenger carrier, shut down operations Monday as flight engineers and mechanics went out.

TWA Struck Friday  
Trans World Airlines has been struck by 8,700 machinists since Friday.

The strike at Eastern sent holiday travelers rushing for alternate accommodations.

Other airlines were expanding their schedules and railroads added facilities to handle the Thanksgiving Day throngs. But it appeared that thousands of students, servicemen and others would not get home.

Judge Bryan's order required the pilots association to show cause by Friday why it should not be enjoined from striking. If sufficient cause is not shown, the order remains in effect while negotiations continue on the association's demands for higher pay, a shorter work schedule and other rule changes.

American asked for the restraining order on the grounds that a walkout by its 1,500 pilots would violate Railway Labor Act requirements for mediation and other compulsory "cooling off" measures.

The association argued it had fulfilled all such requirements.

About 7,500 Eastern employees stopped work, and both sides prepared for what they predicted would be a long strike. A company spokesman expressed doubt that it would be settled by Christmas.

Capital Resumes Service  
Meanwhile, Capital Airlines said it would return to normal operations by today. A machinists' strike at Capital more than a month ago has been settled.

A spokesman for the Pennsylvania Railroad said the line has been carrying extra equipment since the Capital strike.

Universal Air Lines asked the Civil Aeronautics Board in Washington for emergency authority to serve Miami from New York and Chicago and National Air Lines said it will run additional flights.

Eastern serves 124 cities in 25 states, Canada, Mexico, Puerto Rico and Bermuda. Neither party to the strike has reported any move to straighten out contract differences that touched off the strike.

On strike are the Flight Engineers International Assn. and the International Assn. of Machinists. Those who weren't members of either union were union stewards, observing the others' picket lines.

Eastern said it will furlough the balance of its 16,000 employees in batches as shutdown operations are completed.

### Dense London Fog Holds Up Nixon Arrival

Reds Seen Making  
Protests While He  
Visits In England

LONDON (UPI)—Vice President Richard M. Nixon arrived today to begin a four-day good visit which the Communists are sure to use as the takeoff for smearing anti-American demonstrations.

Fog blanketed London today and the special MATS DC-6B carrying Nixon and his wife was diverted to Gatwick Airport, 30 miles south of London. They continued to London by car.

Scotland Yard has been alerted to deal with any repetition of the Red-led mob violence which greeted the vice president on his tour of Latin America last spring.

The Communists have scheduled a mass meeting and a "march on the U.S. Embassy" to high.

The last American to be honored by such a bristlingly hostile reception from the Reds here was Gen. Matthew B. Ridgway, then allied supreme commander in Europe.

"We can't prevent the Communist meeting, but we will watch it closely to make certain it doesn't get out of hand," a Scotland Yard spokesman said. "We wouldn't want any unpleasant incidents while Nixon is in England."

British police in uniform and plainclothes are certain to be on hand throughout Nixon's visit, but the spokesman said so far as he knows Britain will furnish no bodyguards for Nixon as such. The vice president will be guarded by a Secret Service detail which accompanied him from Washington.

Nixon came here to represent President Eisenhower at the dedication of an American war memorial chapel. He is to meet both government and opposition leaders during his stay.

Bombed School  
Officials Hope  
It's Vandalism

HOBBS, N.M. (AP)—Officials of a bombed integrated school say they have no reason to think racial tensions caused the explosion. "and we hope it was a simple act of vandalism."

One room of the Heizer Junior High School was badly damaged by the explosion of what appeared to be a single stick of dynamite thrown through a window or skylight Sunday night. Damage was estimated at \$2,000.

FBI agents, state police and local officials reported no luck in following out several leads to the identity of the dynamiters.

Maine Man Kills  
Wife, Daughter

GORHAM, Maine (AP)—County officials said today a despondent North Gorham resident has killed his crippled daughter and his wife with a hammer.

Officials said Walcott Moses, about 60, went to a local undertaker's home at 6 a.m. and reported he had killed his daughter, Frances, 28, and his wife, Lulu, 55.

Sheriff Allan Jones said he had taken Moses to jail at Portland.

### Army Issues Order

## U. S. Citizens Told: Ignore Red Patrols

BERLIN (UPI)—The U.S. Army issued orders today to American traffic not to submit to East German Communist border patrols.

The order said individual Americans driving to or from Berlin by automobile must turn back if East German Communist police are manning checkpoints in place of the Soviets.

The same order was given to military traffic.

By the order the Army served notice it will not recognize the East German claim it may control Western traffic passing through East Germany.

The order was issued in preparation for the transfer of Soviet occupation functions to the East German government in a move to force Western recognition of the Communist zone government.

Predicts Transfer Soon  
East German Communist leader Walter Ulbricht predicted today the Soviet Union would announce such a transfer by the end of the week.

The Army said American traffic to and from isolated Berlin by road or rail will submit only to the customary controls exercised in the past by Soviet guards at border checkpoints.

Western diplomatic circles had expressed belief the Russians may be having second thoughts about precipitating a major crisis but the Army's action today showed it was preparing for one.

Soviets Support Stand  
Soviet diplomats in Germany today supported Ulbricht's stand that the only way the West can avoid a new blockade is to negotiate directly with the East German regime.

They said if the Americans, British and French want to pass through 110 miles of East Germany to reach Berlin they must reach agreement with the East German government.

Asked what would happen if the West refuses to reach such agreements with the East Germans, one Soviet diplomat said, "That is a good question."

Revolt Seen  
Against Reds

TAIPEI (AP)—Nationalist officials today reported two bloody uprisings against the Communists in the Red China's mainland opposite Formosa.

They said civilians attacked Red troops in each case in the mistaken belief Chiang Kai-shek's soldiers had landed. Both uprisings were reported to have been brutally suppressed.

Government sources said they showed the people of coastal Fukien and Kwangtung provinces had the Communists, and would support a Nationalist invasion.

Williams Urges Liberal GOP  
Solons Get Leadership Share

WASHINGTON (AP)—Sen. John J. Williams of Delaware, a Republican conservative, said today he thinks the party's liberals are entitled to share in leadership of the sharply reduced GOP contingent in the Senate.

Williams was one of the few Republican conservatives who breathed the election tide which swept 13 new Democratic senators into office.

"I think everybody is going to be represented in the leadership," he said in an interview.

"We will pick men of quality and soundness who can help us get a solid, united party ready for the job that is to be done."

Williams spoke out after Sen. John Sherman Cooper (R-Ky.) served notice in a statement he intends to demand "more vigorous representation of the progressive views of our party."

Cooper's statement was interpreted as indicating he is receptive to a proposal by Sen. Prescott Bush (R-Conn.) that Cooper be given one of the GOP leadership posts when the new Congress convenes in January.

This pointed to the possibility of a split among the Republican liberals. Several of them already are understood to be committed to Sen. Thomas H. Kuchel of California as their representative in the leadership.

## Probe Of CAB Started, Influence Charge Aired

WASHINGTON (UPI)—House influence investigators promised to produce testimony today showing behind-the-scenes pressures on Civil Aeronautics Board during scrambles for multi-million dollar airline routes.

Chairman Oren Harris (D-Ark.) of the House influence-investigating subcommittee said the subcommittee would dig into several "sample cases"—particularly the "funnel to Earl Reed", president of the New York-Miami Television City, Inc., the successful applicant for the "Gold Coast" route to Northeast Airlines, Inc.

The CAB awarded the "Gold Coast" route—the nation's richest—to Northeast Airlines Aug. 10, 1956, adding a third airline to the members and CAB staff officials.

### High Winds Hit Denver Sectors

DENVER, Colo. (AP)—Two persons were injured and 25 to 30 homes damaged by high winds that skipped across a residential area northwest of here early today. Gusts reached 100 miles an hour.

Neither of the injured was seriously hurt.

The winds hit moments later at Fairview, Colo., a suburb of Boulder about 20 miles northwest. Posts and trees were blown down.

### Probe Starts In Explosion At Two Fireworks Plants

RANDOLPH, Mass. (AP)—Demolition experts today cautiously sifted through a virtual mine field left by a searing blast that reduced two adjacent fireworks companies to rubble.

One man was killed Monday, another man and a woman were critically injured, and six others, including four firemen, were treated for burns and glass cuts.

The dead man, a 40-year employee of the Rockland Fireworks Co., was John Viziello, 64, Boston.

In critical condition was Lewis Messere, 32, Randolph, one of the family of nine brothers who owned the firm, and Mrs. Emily (Magnussen) Morrell, 22, Randolph, who had gone to the plant looking for work.

Countless unexploded percussion caps and aerial bombs were strewn for half a mile around the shattered plants.

Three thunderous explosions swept the 32-acre enclosure housing the Rockland and Bay State fireworks companies.

Damage was estimated by Plant General Manager John Messere at \$100,000.

A new strike was threatened against a carrier plying north-south routes from Los Angeles to Medford, Ore. Machinists for Pacific Air Lines said they would strike Dec. 2 unless agreement is reached on a new home contract.

The machinists rejected a 22 percent wage increase in a two-year contract over the present \$2.51 per hour scale.

Machinists for Eastern, the world's largest air passenger carrier, now average \$490.53 a month. They are demanding a \$58.80 raise now, another \$20.50 next year and \$287 in retroactive pay.

The company has offered \$51 a month now, \$12.36 more next Oct. 1 and \$287 retroactive.

## Female Elephant Kills Circus Worker In Texas

GROVES, Tex. (UPI)—A murderous female elephant that knocked down a circus man and deliberately crushed him to death was manacled in heavy chains today while authorities pondered her fate.

In the most recent of several attacks on humans, Dorothy, a regular performer with the Hagen Brothers Circus, reached out with her trunk Monday and knocked down Donald Lloyd, 28, as he and another circus worker walked by.

Although the elephant was chained by one leg at the time, the big animal managed to butt Lloyd with her head and then deliberately stood on her head on top of the prostrate man. Lloyd's head and chest were crushed by the weight of the animal and he died within an hour.

Deputy Sheriff Martin Carey said circus employees told him Dorothy was not provoked into the attack and that the elephant had attacked other persons on several occasions.

## Flights Halted By Strike Call

BALTIMORE (AP)—Eastern Air Lines, hit by a nationwide strike of flight engineers and machinists, canceled 19 outbound flights at Friendship Airport yesterday.

The airline is the largest operator at Friendship, handling 35 per cent of the field's business. Eastern employs 46 persons in its operations, traffic and reservations departments here.

NEW YORK (AP)—Business failures during the week ended Thursday totaled 260 compared with 274 the previous week, Dun & Bradstreet Inc. reported today. The latest total, lowest in 10 weeks, is below the 308 in the similar 1957 week.

### Two Men Named In Slaying Deer Pet Of Family

PRESTON, Minn. (AP)—Legal action against two men who shot a three-legged pet deer hinged today on the definition of a corral.

The state attorney general's office was asked by legal officers here whether a barbed wire enclosure near where the animal was killed on the opening day of deer season constitutes a corral.

State law prohibits the taking of wildlife within 500 feet of a dwelling or a livestock corral.

The deer, a doe, was shot on the Glen Hahn farm Nov. 8. It had been adopted as a pet when it was a few days old and returned occasionally to the Hahn farm. One of the deer's legs had been lost in a mowing machine accident.

# Pontiff, 77 Today, Too Busy In Past Month To Make Any Personal Plans

By JAMES M. LONG  
 VATICAN CITY (AP) — Pope John XXIII is 77 today — and at the last minute, call in one or may have to be reminded it's his two friends for a quiet meal. His three brothers and one sister, Vatican aides say. He has been too busy in his first year, last of a family of 12 children, will not be here. They, and hundreds of thousands from his native village of Sotto il Monte and his province of Bergamo, are coming down by special train Dec. 8, instead, to give him a golden crown.

John XXIII was older, at the time of his election Oct. 28, than any other newly elected pope since Clement XII in 1790. Clement was 78 when he became pontiff.

But with an energy that belies his years, sturdy Pope John has held to a work schedule that allows only six hours sleep a night, and already has set several precedents.

A week ago he called a consistory for Dec. 15 to create 23 new cardinals and increase the size of the Sacred College to 75. It had been fixed at 70 for nearly four centuries.

He left his tiny Vatican state last Friday to drive to Castel Gandolfo for a private visit to the papal summer palace. Sunday he drove through the streets of Rome again, this time in formal procession, to take possession of the Basilica of St. John Lateran, his see as Bishop of Rome. Next Thursday he will drive through Rome to inaugurate the academic year at the Lateran University, where he himself once studied.

Pope John's father was a north Italian sharecropper.

About 1,130,000 Americans will have traveled to Europe during 1958.

## Tydings' Name Enters House Speaker Picture

HAVRE DE GRACE, Md. (AP)—The name of Del. Joseph D. Tydings (D-Harford) has been added to the growing list of Democrats seeking to become speaker of the House of Delegates.

Other Harford County delegates and officials have begun writing letters and making telephone calls to newly-elected House members on behalf of Tydings.

Tydings will be starting his second term in the House when the General Assembly convenes Jan. 7. He is the son of Millard E. Tydings, a speaker of the House in the 1920s before moving along to serve 24 years in the U. S. Senate.

Other Democrats in the speakership derby include Dels. Jerome Robinson (Balto 4th), A. Gordon Boone (Balto County), Perry O. Wilkinson (Prince Georges) and E. Homer White Jr. (Wicomico).

John C. Luber, who held the post for eight years—longer than any other in Maryland history—was defeated last May in his bid for renomination.

The Bowling Green Volunteer Fire Department has cancelled its meeting tomorrow night, due to the joint Thanksgiving Eve service at St. Matthew's United Church of Christ in Bowling Green.

**QUESTIONED BY POLICE**—Jerry Roth, 23, center, is questioned at Bronx apartment house in New York after the nude body of 10-year-old Rose Ann Breen was found beneath staircase. The girl had been raped and slain.

Detectives said a trail of blood led from the child's body to the second-floor apartment of Roth. The child was returning from a grocery store errand to her home in the same building when she was waylaid. (AP Photofax)

## Devereux Spent Almost \$73,651 In Losing Campaign

BALTIMORE (AP)—Republican obligations and advances totaling \$73,651, James P. Devereux got, in campaign contributions and expenses, he said, in his unsuccessful race for the governorship.

Out of the contributions the report said \$35,577 went for advertising and publicity; \$11,369 to salaries and services; \$4,190 to housing and the remainder into less-er accounts.

J. C. Graham Jr., treasurer of the Devereux Campaign Fund, included \$5,000 to repay a loan from Albert S. Shuger and to make sessions scheduled every Monday there were \$2,203 in outstanding a \$5,000 contribution to Baltimore by the fire company.

Republicans, the statement said, Devereux quit Congress to make his bid, losing to Democrat J. Millard Tawes.

**Practice Drill**  
The Ridgeley Volunteer Fire Company held a practice drill yesterday at 6 p. m. The drill was one of a series of practice sessions scheduled every Monday.

A miscellaneous listing of \$12,628 included \$5,000 to repay a loan from Albert S. Shuger and to make sessions scheduled every Monday there were \$2,203 in outstanding a \$5,000 contribution to Baltimore by the fire company.

## Possibility Looms Science Nearing Victory Over Certain-Type Insects

By DELOS SMITH  
UPI Science Editor

NEW YORK (UPI)—There is a new possibility of science winning a total victory over certain insects, including that prime and seemingly unconquerable pest, the cockroach.

The new weapon seems to kill insects by physical rather than chemical means. If that is so, insects won't be able to learn to live with it as many have learned to live with DDT and other poisonous insecticides. It also means people won't accidentally poison

themselves while exterminating insects.

The new weapon is a kind of sand. Add two oxygen atoms to the molecule of silicon, which is one of the most abundant of the elements, and you have silica. Nature frequently makes the addition; silica is everywhere, in sands and rocks. Now, toy with silica in technically easy ways, and you have an extremely fine powder which is aggressively greedy for moisture.

An insect walks over a sprinkle of that powder and very soon thereafter it is dead. Science doesn't yet know positively why, but the best theory is that the powder draws moisture out of its body. That's as physical a way of killing as swallowing, but it's infinitely easier.

DDT and the other organic insecticides kill by adding ingredients to an insect's body chemistry which the chemistry can't handle. Unhappily insect chemistry adapts to the added ingredients, and eventually lines of insects emerge which are immune to what used to kill them, but meanwhile people, birds, fish, and other creatures are endangered.

Silica in any form is notably non-poisonous. The silica powder has been in use for a long time as a filler or diluting substance for resins and other materials. Dr. Walter Ebeling of the University of California discovered by accident that it was an insect killer.

He was diluting DDT with it and discovered that when he de-

creased the DDT content of his insect poison while increasing the powder content, it killed more insects.

Since then there have been many experiments. In the laboratory, the powder alone will knock down cockroaches in 15 minutes and kill them in 45 minutes, which is faster than DDT, parathion, dieldrin, and a number of other poisoning insecticides can do it. It works as effectively on all insects experimented with so far.

The answer to the critical question of whether the powder is the total victory weapon, now is in the making. The Davison Chemical Co., whose scientists developed the powder formulation which tested best in the laboratory, has released quantities of it to professional insecticide users for strictly controlled scientific experiments under natural conditions. Their results will give the answer.

### China Claims Victory Over Two Enemies

#### Flood, Drought Finally Defeated In Communist China

TOKYO (AP) — Red China claims it is winning a fight against two age old natural enemies—flood and drought.

Some Japanese observers believe the claims are well founded. Shozo Otani, a Japanese agricultural expert who recently returned from a visit to Communist China, says the mainland is becoming "one of the world's leading agricultural nations" at a surprisingly speedy rate.

Red China's agricultural production this year, he said, will double that of last year.

An Indian Cabinet minister, Dr. Pankajabhai Deshmukh, who made a five-week tour of Red China and Japan, also reported that many of the things the Communists are saying about their "leap forward" campaign in agriculture appear to be true.

Elimination of weeds, greater use of fertilizer and liberal employment of insecticides are some of the factors in the increased production, he reported.

Otani, a professor of agriculture and technology at Tokyo University, said the rapid agricultural development was greatly aided by irrigation and water control projects.

In a recent broadcast, Peiping Radio said a giant shelter belt of trees more than 3,000 miles long will be completed in Kansu province this year.

"This will transform the dry climate of Kansu," add 1,600,000 acres to farmland and boost timber production, the radio said.

The shelter belt starts from the western edge of Kansu province, goes along the ancient Great Wall and the border of the Tengri Desert and extends eastward to another shelter belt in eastern Kansu.

### Actor Denies Wedding Plan

MADRID (UPI) — American screen star George Sanders today denied reports that he and Benita Hume, widow of Ronald Coleman, were planning a Christmas Eve wedding ceremony in Madrid.

Sanders told the United Press International that "no date has yet been set," and denied rumors a wedding would take place in the near future, specifically on Christmas Eve.

### Belgium Lists Hula Hoops Contraband

BRUSSELS (UPI) — The latest the approach of Saint Nicholas — the local equivalent of the list of contraband is the hula hoops — on December six.

Two Dutchmen, Cornelis Coster and Marthus Lagerhort, were caught trying to smuggle 1,000 hula hoops over the border in a private car.

The hoops were impounded. The demand for hula hoops has outrun the supply in Belgium with

### Escapee Unable To Return To Jail Cell

# Early Recruiting, High Pay Seen Necessary To Attract Scientists

By GAY PAULEY  
UPI Women's Editor

NEW YORK (UPI)—America will have the scientists it needs only when it starts recruiting them in their teens and also starts paying them a living wage, says a top woman researcher.

"All of a sudden we want research men and women and we haven't got them," said Mrs. Erna Leonhardt Gibbs, of Chicago, who with her doctor-husband has spent more than a quarter of a century studying how the human brain "keeps house."

"In any field of scientific research, it will be a long time before America can come back... can catch up," she said. "We haven't given children a chance to know about scientists... they get all their ideas from television. You know, the Frankenstein stuff."

"They don't get to meet a real researcher," she said, "to see him at work."

## 1,300 Youths Will Attend National 4-H Congress Opening On Saturday In Chicago

CHICAGO (AP)—This week 1,300 fresh-faced youths will ride 1938 club Congress. Bonnie Phil-Donita Anne, 12, Phil Harry, 8, into town, step into a five-day trip, a willow farm lass from and Susan Gay, 4—are following whirl of sightseeing and feasting Major County, Okla., placed first in their footsteps. as guests of honor—then vanish. in the leadership competition. The two elder children have Harry Sygar, a dark-haired, exhibited farm animals in local, square-jawed lad who was president of Oklahoma 4-H clubs, was have gathered dozens of blue ribbons and trophies. The youngsters raise their livestock and poultry without assistance, although their parents now, and then exert a bit of their leadership. Cupid, a fair hand at leadership, himself, led them up the aisle to marriage in 1943. Mr. and Mrs. Harry Sygar are 39 now. They live in a new house, oldtime leadership. just outside Miami, Okla., on the "Their future," Sygar said, "is College. The No. 1 aim of the 4-H leader-ship program is to 'develop leadership talents and to work toward achieving the broad objectives of pure students and others in night-classes once a week."

By the following Friday they will be gone, leaving behind these intriguing questions: What happens to these cream-of-the-crop kids? Does their performance in maturity match the promise of their adolescence? To find the answers The Associated Press traced a few who earned early distinction by winning awards for leadership in 4-H Club work. The tracing, like the story line in a novel, soon encountered romance. It involved a boy and girl who found special meaning in one of the four H's in the club's name. That one is for heart. The other three stand for head, hands and health.

## Doctor's Combination of Ingredients Stops Stomach Gas Before It Starts

Buffalo, N.Y. (Special)—Thousands of people who suffer for years from acid stomach, heartburn, belching after meals and other symptoms of acid indigestion now report wonderful relief thanks to a remarkable formula developed by a prominent doctor and known as Dr. Pierce's Golden Medical Discovery. Containing not just one or two, but a special combination of 7 ingredients, this famous medicine is designed to stop stomach gas before it even starts. Instead of upsetting the delicate acid-balance of the stomach, as too frequent use of soda and alkalis often does, Dr. Pierce's Golden Medical Discovery actually promotes more normal stomach activity. Taken regularly, it tones up your digestive system and helps you avoid gas, heartburn and sour stomach. Once your stomach is working properly, you can eat what you like without fear of distress. Dr. Pierce's Golden Medical Discovery has helped so many people that over 38 million bottles have been sold. Get it at your druggist's today in liquid or tablet form. Your money back if not entirely satisfied.

# THANKSGIVING DINNER

By Cecily Brownstone  
Associated Press Food Editor

Your Thanksgiving dinner will be a perfect one if you let the whole family get into the act.

Encourage Pop to baste the turkey and he'll serve "his bird" with confidence.

Show your youngsters how to make a turkey gobble centerpiece out of grapefruit, and John and Priscilla Alden placecards out of oranges, and they'll beam with pride when their holiday-table contributions are cherished.

And how about Mom? This menu will help her prepare a Thanksgiving dinner, chockfull of old-fashioned goodness, with the greatest of ease.

## THANKSGIVING DINNER MENU

### Grapefruit Baskets

Roast Turkey with Stuffing  
and Old-fashioned Gravy

Uncooked Orange Cranberry Relish

Creamed Peas and Onions

Candied Sweet Potatoes

Bakery Rolls

Chiffon Pumpkin Pie Coffee

### JOHN AND PRISCILLA ALDEN PLACECARDS

Insert cloves for eyes in orange "heads"; with straight pins fasten on cut glazed fruit for nose, mouth and ears. Roll strip of black construction paper with ends glued or taped together to make stand for head. Cut John Alden's hat from black paper; cut Priscilla's cap and collar from white bond paper; fasten with pins; use yarn for Priscilla's hair.

FORMULA FOR THE DAY: One savory turkey with all the trimmings creates one happy family.

The stuffing gets its start.

**TURKEY STUFFING**  
Ingredients: 1/2 cup butter, 1/2 cup chopped onion, 1/2 cup diced celery with leaves, 2 cups coarsely chopped Brazil nuts, 1/2 teaspoon salt, pepper, 2 cups turkey stock, 2 packages (8 ounces each) prepared herb-flavored stuffing, 2 tablespoons minced parsley.  
Method: Melt butter in 10-inch skillet. Add onion, celery, nuts, salt and pepper to taste. Cook, stirring occasionally, until nuts are lightly browned; add stock and bring to a boil. Pour over stuffing and parsley in a large bowl; toss lightly. Makes enough for a 12 to 14 pound turkey or two 6-pound turkeys, using 3/4 cup stuffing per pound dressed weight.

...And into the bird it goes.

Over the pumpkin pie goes the cream trimming.

**PUMPKIN CHIFFON PIE**  
Ingredients: 1 envelope unflavored gelatin, 1/2 cup firmly packed brown sugar, 1/2 teaspoon salt, 1/2 teaspoon nutmeg, 1/2 teaspoon cinnamon, 1/4 teaspoon ginger, 1 1/4 cups evaporated milk (undiluted), 2 eggs (separated), 1 1/2 cups canned or cooked mashed pumpkin, 1/4 teaspoon cream of tartar, 1/4 cup granulated sugar, 1 9-inch baked pie shell.  
Method: In top of double boiler mix together the gelatin, brown sugar, salt, nutmeg, cinnamon and ginger. Stir in well the evaporated milk and egg yolks. Place over boiling water and cook, stirring occasionally, until gelatin dissolves and mixture thickens slightly—about 6 minutes. Remove from heat; stir in pumpkin. Chill, stirring occasionally, until mixture mounds slightly when dropped from a spoon. Beat egg whites until foamy; add cream of tartar and beat until stiff but not dry. Gradually beat in granulated sugar; continue to beat until very stiff. Fold into pumpkin mixture; turn into pie shell; chill until firm. Garnish with whipped cream.

"Well done, Mom!"

## OUR COUNTRY

The union of hearts, the union of hands and the flag of our Union for ever.—Morris.

## Time For A Change

IT'S RATHER shocking to realize, as Americans are beginning to do, that many of our foreign outposts are staffed by men who don't even speak the language of the country to which they are assigned. Languages have never been an American strong point. Widespread use of English has led us to letting the other fellow come to us, linguistically speaking. The Russians never make this mistake. Our system of recruiting and training men for overseas foreign service would seem to be due for an overhauling. Certainly the jobs call for a high degree of patriotic devotion. Discomfort and often personal danger attend service in out-of-the-way posts. But surely the way to staff these posts is not to offer fat living allowances, post exchange privileges and other touches away from home which tend to set the American apart from the population to whom he is accredited, like a Tsar among peasants.

AMERICANS who seek foreign service because of the chance to live like a king in an exotic land are not the kind to win the uncommitted peoples to the Western world. A recent magazine, (Saturday Evening Post) serial entitled "The Ugly American" illuminates this sorry situation. Although it purports to be fiction it is all too evidently a thinly disguised version of the manner in which our State Department sometimes staffs its foreign outposts with fuddy-duddies. Co-author of "The Ugly American" is Commander Bill Lederer, a veteran eye and ear reporter in the Pacific area for many years. Bill is writing about things he saw and heard when he tells of fictional U. S. diplomats in Southeast Asia. The little describes the type of homespun American we ought to have representing us abroad, a guy with less social grace perhaps, but who gets down to the grass roots and talks to the people of the country in their own tongue and with appreciation for their problems.

A MORE DIRECT criticism of our foreign service has recently been made by an experienced newspaperman and world traveler, Virgil Pinkley of Los Angeles. In a recent address, Pinkley asserted that newspapermen in countries he visits invariably rate our local ambassador or minister fifth or sixth in ability. He accuses our representatives abroad of being aloof, clumsy and dogmatic. He says many of them are ignorant of and uninterested in the peoples of the countries to which they are assigned. About one-third of our ambassadors in top posts are political appointees, Pinkley says, pointing out that for a U. S. ambassador the top salary is \$27,500 a year, whereas Britain pays its envoy to Washington \$99,000 a year. Instances abound of American foreign service men who—contrary to the types described by Lederer and Pinkley—perform difficult and onerous duties with great credit to their country and themselves. But the frequency of complaint about the types who discredit their country warrants some serious effort to get at the source of this defect in our system.

BEING SURE he is right doesn't always mean it is safe for a driver to go ahead. The car of a driver who is wrong may be in the way.

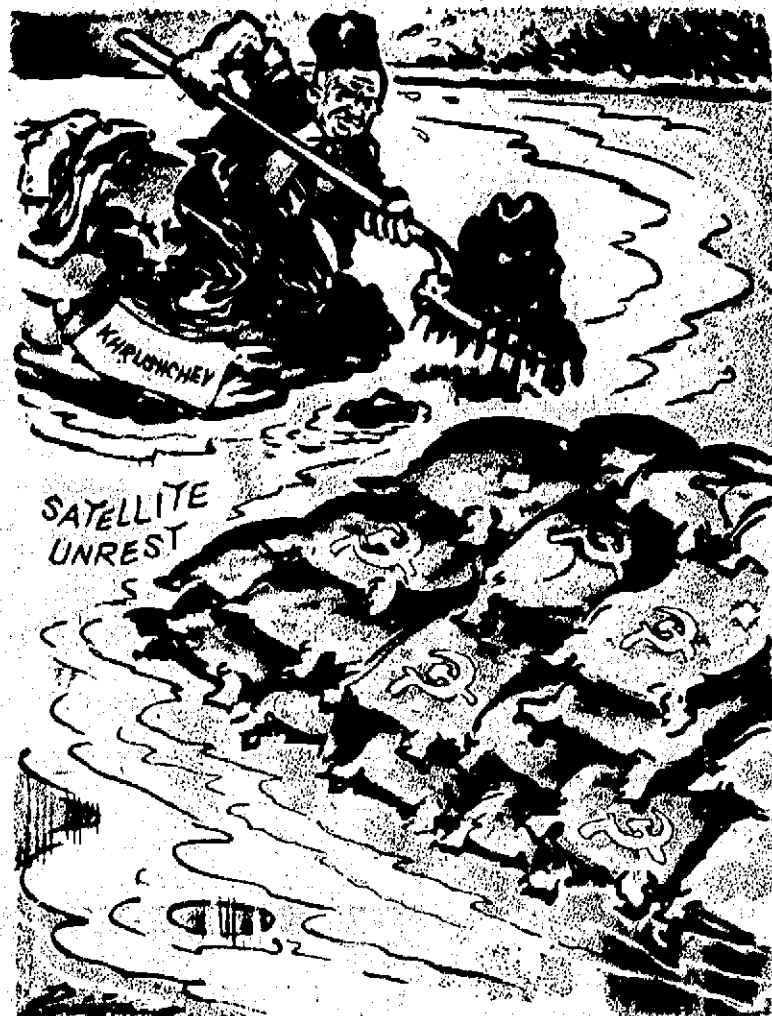

## Sic Transit

THE NEW revolutionary leader of the Sudan broadcast to his people from a radio station located at Omdurman. This name stirs old memories. It was here that the British Empire made one of its last great stands, when calvarymen withstood the charge of the native Fuzzy-Wuzzies. A young officer named Winston Churchill who fought in that engagement must have had very thoughts as he read that the revolutionary announcement came from Radio Omdurman.

A DEFEATED Congresswoman's husband sues her secretary for alienation of affections. Looks like the voters' affection was alienated, too.

NOT ALL post-election news is cheering, even to Democrats. Item: Income tax reduction is unlikely before 1960.

## Demos Are Sure On One Point At Least

WASHINGTON — The Democratic National Committee meets here December 5 with one big decision already made. It is that their 1960 national convention will take place in mid-July in order to allow ample time to organize and finance the campaign.

Democratic experience with the short campaign of 1956 was unhappy in practically every respect. About some of the reasons there is argument. But there is no argument about the fact that the nominees of an open convention who lack the advantages of incumbency need a far greater buildup than was possible before.

BEYOND this there is every prospect that the convention arrangements will be the object of an enormous amount of wheeling and dealing. For it is firmly believed by strategists for some of the major Democratic candidates for President, if not by all, that the management of the 1960 campaign could prove decisive in naming the slate.

No one candidate today has a commanding lead for the No. 1 nomination, while at the same time potential Vice-Presidents are thicker than fallen leaves of autumn.

This situation is not likely to

alter because no aspirant has that national position which would give him automatic access to better and more continuous publicity.

THE RIVAL ambitions of Democratic governors and Senators also enter into the convention situation. The governors won't be here to ride herd on the party managers. What they will do is try to keep the Senators from getting the upper hand. The whole staff of the national committee can expect to be scoured, with any number of jealous eyes looking for enemy beachheads.

Some indications of how the battle is shaping will appear in preliminary hearings on where the convention is to be located. These take place before a convention committee just prior to the full committee meeting.

IN THE bidding are two California cities — Los Angeles and San Francisco — and Philadelphia and Miami. Californians insist they are in earnest and will press their claim in the light of their overwhelming triumph in November 4.

What it might mean to Governor-elect Pat Brown will be the subject of earnest debate privately before a choice is made. No

one will dare, though, to be rude publicly to the state which is soon to be first in population and electoral votes.

The chairmanship will not, however, be disturbed for the immediate present. What will have to be discussed plainly by National Chairman Paul Butler are the committee's financial troubles.

It is still in debt from 1956, and in the past month it was twice sued by creditors of that campaign. Just why this should be so in the face of the party's sensational successes is unclear.

ONE FACTOR certainly is the running fight between Butler and the committee treasurer, Matt McCuskey of Philadelphia. Supporters of Butler contend that McCuskey speaks only for the old pros who tried and failed to get the post for the late James Finnegan of Pennsylvania, a group including David Lawrence, now Governor-elect of Pennsylvania. Jake Arvey of Chicago and Carmine DeSapio, the wild Tammany Tiger of New York.

Lawrence's commanding position in his state has been improved. But Arvey is on the outside looking in with respect to state power in Illinois and DeSapio is on the defensive within New York.

## Missile Plan Brings Budget Problem

WASHINGTON — (NEA) — As President Eisenhower plunges into critical huddles over the size and make-up of the defense budget due in January, evidence exists that controversy over the missile program is sharpening again among the services.

Arguments are being advanced that America's retaliatory power against a surprise enemy assault will be severely strangled if we rely too heavily on such liquid-fueled ballistic missiles as the Atlas, Thor and Jupiter.

These weapons are, in fact, "factories in the air," with many processes to be completed in a long count-down before final firing.

Since it is said 15 minutes is the maximum warning time we are likely to have if an enemy pounces suddenly, the count-down lag is pictured as making the United States critically vulnerable.

ON TOP OF this, it is contended that liquid-fueled missiles require "soft" launching sites, easily damaged by enemy near misses or glancing hits. Solid-fueled weapons like the still experimental Minuteman can be fired from "hard" bases more difficult to put out of action.

But the counter-arguments from certain defense circles run this way:

They insist liquid fuel systems are basically far more flexible than solid and thus are vital to continuing research in the missile-space vehicle field. These systems are said to assure greater potential rocket energy, and hence greater projection into space.

President Eisenhower and others in his administration are striving hard to give our missile effort the stamp of civilian space exploration. Defenders of liquid-fueled missiles say that to focus almost wholly on solid-fueled devices would be to advertise to the world that we are interested only in weapons with a war potential.

THESE defenders claim further that speedup of the "factory in the air" process is in the offing,

with the consequent promise of a reduced count-down. And they say successful experiments have taken place looking toward development of "hard" bases for liquid-fueled missiles.

But they throw greatest weight on the asserted need to maintain major research effort in liquid systems. These are far too new, it is argued, to be ruled out so early in the game.

Some fear we could, in the end, cripple both military and civilian missile projects were liquid fuel experiments to be substantially junked or relegated to a minor role.

ACTUALLY, the indications are that mass production in this field will be concentrated on the solid-fueled weapons, since they lend themselves readily to such output.

Yet it is pointed out that important difficulties still stand in the path of this objective, and it is not fair at this time to characterize any of these weapons as completely proven.

What the counter-arguers urge is not heavy or total reliance on either liquid or solid fuel systems for missiles, but a key place for each.

In their view, striking such a balance can assure to the nation the evident military advantages of the solid-fueled weapons while

still holding out the prospect of a perhaps unlimited potential in space exploration from high energy liquid fuel systems.

The ingenuity of manufacturing corporations is endless and fascinating to the last degree. A famed maker of motorized lawn-mowers has put out a motorized snow plow for suburban homes and their driveways. Man asked me to a demonstration the other day. The "snow" was corn flakes, there being no snow to use. Worked fine. I'm still digging corn flakes out of my ears.

NOT TOO MANY of the stories about Ty Power have detailed his extraordinary record as a Marine fighter pilot during World War II. And those that did failed to describe Ty's own estimation of what made him a hot pilot. "I went straight from movies and of late-cuff roles in same to the Marines," I was pretty certain that I had to pour on a little extra in every department to show all of them, from enlisted men to officers, that I wasn't a Hollywood dandy made of whipped cream and eyebrow pencil. HAVING helped Wirth with his submersible sideways, I went out with Vincent Mrazek, the island's chief ranger, looking for sand and gravel buccaners. I knew this was pirate country, all right, but I didn't know they still were in business. Mrazek said the natives in the numerous other islands dotting this part of the Caribbean frequently bring a schooner to a beautiful coral beach, fill their boat with sand, and haul it away for building purposes. This repeated a few times can ruin a beach.

He fights 'em off, not by broadsword, but by diplomacy. They're kindly, gentle people, he said, and they can't understand, if they need a load of sand, why they can't take it.

Vainly we sought pirates via jeep and I bet that's a use even Henry Kaiser, himself, never thought of for his versatile vehicle.

DOWN BY Cinnamon Bay, Mrazek said we'd better stop for our pain killer. Never argue with a park ranger. I always say, We pulled up beneath a large tree with big glossy leaves. This, said Mrazek, was the pain-killer tree, used by the locals for whatever ails 'em. He plucked a leaf for each of us and these we put in the tops of our hats to ward off ber-ber, headaches and hang-nails.

After a few miles of going up and down over boulders, but never proceeding in a horizontal direction, I suggested that we had placed the pain killer at the wrong end. Mrazek said all he knew was that everybody on St. John wore his leaf on the top of his head.

THIS ISLAND is dotted with the ruins of nearly 50 Danish sugar mills which flourished in the 1700's, until the slaves revolted and slaughtered most of their masters. The descendants of the slaves now are numbered among the leading citizens, while the island wild life consists almost entirely of burros, pigs, and mongooses, all imported in the first place by the ancient sugar barons.

THEY brought in the mongooses to fight the rats that accompanied their ships. The rats disappeared, all right. So did the snakes. And so did most of the birds. The mongooses, which seem to be kind of a ferret, likes nothing better than eggs for breakfast.

The one bird that foils the mongoose is the pelican. He fills his bill so full of fish he can't swallow them and thereby demonstrates the truth of the poem about how the eyes of the pelican can hold more fish than his belly can.

Why I continue to believe in the young people and the future of our nation: A college professor I know, currently teaching communication, asked: "Can you give me a succinct, all-embracing definition of television?" A hand shot up quickly and he nodded at the girl in the second row.

THE CITY of New York has spent countless thousands of dollars putting up flashing "Walk" and "Don't Walk" signs at intersections, has instituted an anti-jay walking campaign and is enforcing the new regulation which compels motorists to stop, while making a right or left turn, until pedestrians have cleared.

Yet between January 1, 1958, and Sunday, November 16th, traffic deaths rose this way — same period in 1957: 510; in 1958, 514. Which means that the average New Yorker, no matter what you do to help him live, is going to be a defiant, individualistic jay-walker determined to cross the street in the midst of traffic.

LAMESHUR BAY, V. I. — Conrad Wirth, director of the National Park Service, put on his snorkel and dived into the turquoise water. My bride and I were close behind.

The lagoon was so full of fish — red, pink, yellow, purple, and striped — there hardly seemed room for mere people. Ideal, said Wirth. Here he hopes to install one of these days the world's first sidewalks submerged under three and a half feet of water as crystal-clear as the kind you drink.

WIRTH intends to install markers at appropriate spots and at these the seagoing pedestrians will be urged to don their own snorkels, stick their heads under, and observe the wonders at their feet. Even their toes will look iridescent, like pearls.

The director came from Washington on a kind of reconnaissance tour to inspect St. John's Island, of which Laurance Rockefeller bought a large part and presented to the government as America's newest park. Fish are something new to him and his rangers, who heretofore have been interested mostly in moose, but they already have become fascinated by the tropical subsea life.

They're America's only park rangers, probably, who do most of their traveling by boat. Across the island's 12,000 acres are some trails passable by jeep, but I don't recommend 'em. They're spine jollers.

## Washington Scene

WASHINGTON—Former Senator George H. Bender should be hailed as the originator of a radically new philosophy of investigation.

The forward-looking Ohio Republican is still being paid \$100 a day by James R. Hoffa and the Teamsters Union to investigate James R. Hoffa and the Teamsters Union, but he appears to have broken with the musty old tradition that an investigation should be encumbered with investigators.

As nearly as I can make out, he is probing the union's gangsterism by mail.

The Great Bender has always been a lavish patron of the post office, as thousands of us who used to get three Christmas cards from him every year can testify. But he never really stormed the heights of penmanship until now. He is sending letters to the leading vassals in the Despolism of Hoffa asking them if they have any gangsters, racketeers, or unworthy characters in their locals.

THINK OF the imagination this break with old folk customs entailed. The new Bender system permits investigation with almost no overhead—no investigators per diem all over the country, no certified accountants checking the thells, no counsel preparing cases and asking interminable questions that only get Fifth Amendment answers anyway.

About all that's needed is a stenographer and a stencil. For the first time, it puts investigation within reach of the masses.

One who will presumably open the trusty questionnaire, and reply with the frankness for which he is noted, is N. Louis (Babe) Triscaro, president of Local 436 in Bender's home community of Cleveland.

Mr. Triscaro appeared before the McClellan Committee here and established himself as a great believer in the Constitution, particularly Amendment V. He is a convicted robber, with a record of numerous arrests. He has not found union work unprofitable. His 1957 income was \$132,238.20—although Chief Committee Counsel Robert F. Kennedy was unkind enough to suggest he was worth only the last two digits.

The letter to the Indiana Conference of Teamsters will be received by Bossman Gus Zapas, with a record of 45 arrests. (If he knows of any shady character in his outfit he will unquestionably notify Bender.)

In Philadelphia, the recipient should be Samuel (Shorty) Feldman, head of Local 929. Mr. Feldman, a versatile type, has been convicted of shoplifting, bootlegging and burglary, but is now free to carry on his union duties, being out on \$50,000 bail on a stolen bond rap.

In Chattanooga, the questionnaire will go to Glenn W. Smith, president of Local 515, twice convicted of burglary and currently under indictment for taking \$20,000 of union funds to give to a judge to fix a case. But he can't match his record with the Nashville recipient, W. A. Smith, who has 13 criminal convictions, ranging from running a bawdy house to shooting a union driver.

ONE PORTION of the Bender questionnaire asks, "Do you know anything derogatory about any one in your union?" Joseph Glimco, head of Chicago Local 777, is in a splendid position to answer this. He has been arrested 45 times, twice on murder charges.

I hope there is no confusion about delivering Bender's letter to the president of Local 332, in Flint, Mich., Jack Thompson, because he is also known as George Legnuls. Mr. Legnuls, nee Thompson, assumed the presidency after Frank Kierdorf vacated it by incendiarizing himself into a human torch.

Former Senator Bender has never gone to the Senate racket, probers for any information about Hoffa or the Teamsters Union, although both Senator McClellan and Chief Counsel Kennedy have offered it to him. It would entail a 50 cent taxi ride to Capitol Hill from his investigational mailing room, and this would cut into his \$100 a day.

## Thanksgiving Turkeys To Cost Same As 1957

By The Associated Press

The traditional Thanksgiving turkey—centerpiece of the big dinner Thursday all across the land—will cost the housewife about the same as a year ago.

Prices vary from one section to another, of course, but one major chain charged 35 cents a pound for 16 to 24 pound birds, 41 cents for medium sized and 45 cents a pound for the 8 pounds and under.

Some stores buck the turkey trend by offering bargains on ham and other meats such as pork loin and veal roast.

Cranberries are 6 per cent more plentiful than last year.

Fortunately for the shopper, the turkey can be backed up by several outstanding vegetable bargains, including potatoes, beans, broccoli, cabbage and onions.

Good buys include carrots, cauliflower, sweet corn, cucumbers, egg plant, endive, escarole, radish and squash. Celery is a bit of a religious sect.

MORGANTOWN, W. Va. (UPI)—A \$30,000 fire Monday night burned out the home of Jay D. (Jack) Walters and his wife, both prominent in business here.

The blaze broke out about 10:45 p.m. in a playroom addition to the brick home in the fashionable Suncrest section. It spread throughout the structure, destroying all the Walters' furnishings and personal belongings.

Walters, his wife and four children were driven to the street in their night clothing. He is a newsdealer here and Mrs. Walters owns and operates the Pollyann Shop, a women's clothing store.

### State Police Official Gets High Praise

BALTIMORE (AP)—Maj. William H. Weber, executive director of the State Police, was given a testimonial dinner in his honor last night on his 52nd birthday.

Speaker after speaker at the dinner attended by 493 guests heaped praise on Weber, a veteran of 31 years with the department.

The guest speaker, the Rt. Rev. Noble C. Powell, Episcopal bishop of Maryland, described Weber as a "splendid public servant" who was to be commended for "his deep appreciation of the majesty of the law" and for "serving with such conspicuous ability and no thought of himself."

Col. Elmer F. Munshower, State Police superintendent, said Weber had done an "outstanding job" and said the major was correct in his actions dealing with the recent controversial warrants case.

The Criminal Justice Commission issued a report last month critical of Weber and the department for failing to issue three traffic warrants against a Baltimore contractor.

Weber last night received letters of commendation from police in other states and a plaque citing his "steadfast loyalty and courage."

Among those on hand for the dinner were congressmen and legislators, a judge, the State's attorney, clergymen, businessmen and about 45 state policemen.

The Rt. Rev. Msgr. Louis G. Vachet remarked after hearing the praise heaped on Weber:

"You certainly got the jump on the Catholic Church. In the Catholic Church you have to be dead first and then it takes 300 to 400

### Workers Battle Blaze In Woods

Timbermen yesterday afternoon battled a blaze near the top of Piney Mountain, two miles south of U. S. Route 40, west of Cumberland.

William H. Johnson, district forester, said the apparent cause of the blaze which was reported at 3:30 p. m. was the backfire of a power saw on a timber operation in that sector.

The flames were brought under control about 4:30 p. m. by timbermen working in the area as well as members of the forestry department including Brooke Rodkin, forest supervisor, Alton Holt, William Slider and George Brown, forest wardens.

Years to be "canonized," but look how quickly you've done it.

Weber also referred to the various speeches, saying "even if they dressed it up a little bit I still appreciate it."

### Boys Sentenced As Delinquents

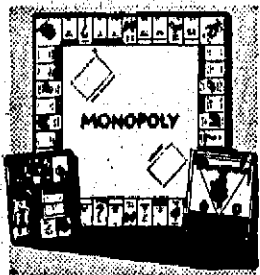

Two local boys were sentenced in Juvenile Court yesterday afternoon for being delinquent minors.

Magistrate Fred H. Anderson ordered one of the youths sent to the Maryland Training School and placed the other youth on strict probation for six months. Juvenile Court authorities said the youth ordered to the training school had been in trouble several times before.

Detective Kenneth Morrissey caught the two boys in the act of letting the air out of the tires of a car parked on Window Street. The youths told police they let air out of tires of cars parked throughout the city several nights last week.

A recent survey by the U. S. Department of Agriculture found that rural residents use more pickles than city dwellers do.

## Site Picked For Reserve Training Unit

### Building To Be Erected Near Celanese Plant

A site has been selected by the Army Reserve for a training center on McMullen Highway adjacent to the Celanese plant and near the Cresap Branch of the Second National Bank.

This was revealed today with the discussion of the matter at the meeting of the Allegheny County Board of Commissioners. The commissioners unanimously approved the selection and instructed their clerk, James G. Stevenson, to notify Gen. Vander Heide, commanding general of the U. S. Army Corps (Reserve) at Indiantown Gap Military Reservation, Annapolis, Pa.

Lt. Col. Francis L. Cawood, commanding officer of local Army Reserve units, discussed the matter with the commissioners recently and asked for their approval of the site and confirmation of such action in a letter to Gen. Heide.

The selection of a site in Allegheny County has been held up on several occasions. One place picked more than a year ago in the area near Vocke and Braddock Roads resulted in protests from residents of that section.

The proposed \$250,000 structure will be similar in architecture to the Army Reserve building in Frostburg.

Local officials of the Celanese Corporation of America said the Army Reserve has approached the company on the proposal to use a portion of the firm's land and that the matter is now under advisement and a decision will be made in the near future.

## Wills Creek Dumping Hit By Officials

Dumping of refuse and garbage into Wills Creek by sliding it down the recently-completed flood walls in the North Mechanic Street area came under criticism by two city officials today.

Mayor J. Edwin Keech and City Engineer Charles R. Nuzum termed the condition "deplorable and a disgrace" after making an inspection trip this morning.

Keech said he is looking into city laws to determine what is necessary to prevent the practice. The area at fault is from Valley Street west, Nuzum pointed out, and from the position of garbage, tin cans and other refuse, the source can be almost pinpointed.

"This can be construed as a warning to residents who are dumping trash into the creek," the Mayor said.

"If the practice is continued, steps will be taken to prosecute those responsible," he added.

Both men pointed out that the area in question is part of an \$18,000,000 flood control project of which the city should be proud. They pointed out that refuse in the creek and along the walls is an eyesore and gives a bad impression of the city to visitors.

The choir, under the direction of Mrs. John Dorn, also will sing the anthem "Praise the Lord, O Jerusalem."

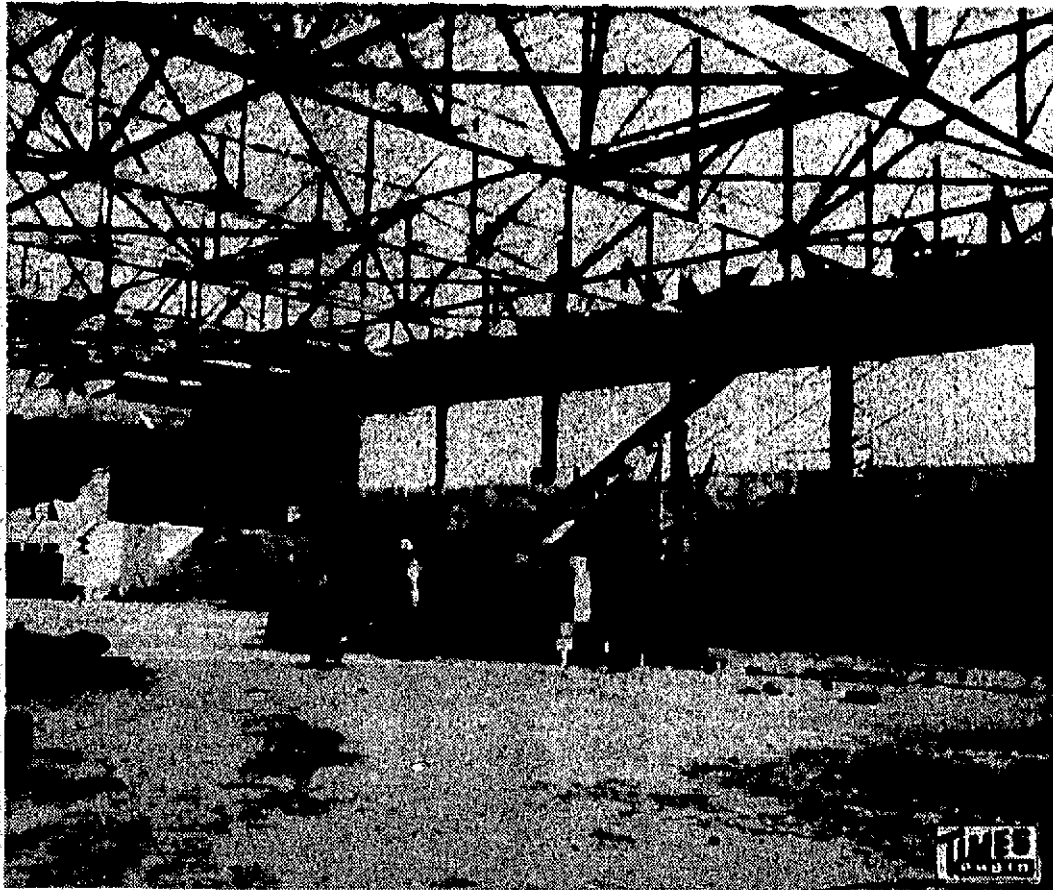

Carl Richard Marsh, 20, of 229 Green Street, Westport, has enlisted in the Navy for four years at the local recruiting station.

A graduate of Bruce High School, he had two years active duty with the Naval Reserve. Marsh, a son of Mr. and Mrs. Otis Marsh, has been sent to the Naval Receiving Station at Washington for assignment as a naval aviator.

Water consumption for the week ending Sunday was 81,950,000 gallons compared to 84,800,000 the same period a year ago. The water level at Lake Gordon is four feet below the crest of the spillway and in Lake Koon 12 feet 2 inches below, a report to the Mayor and Council showed.

George A. Largent and Son, 1316 Lafayette Avenue, has obtained a permit from the building engineer to construct a concrete block addition to the present business in Walsh Addition. Cost is estimated at \$3,000.

The Cumberland Civic Orchestra will receive a letter of commendation from the Mayor and Council as the result of its recent concert. Commissioner Lucile Roeder suggested the move and praised the local musicians for their contribution to the cultural life of the community.

GOING UP: Work is progressing on schedule in construction of Allegheny High School's new annex. Major portion of the new building will be used as a gymnasium seating approximately

2,200 persons. The two-story building will also contain a sound-proof band room, music and art rooms and a uniform-drying room. The structure is being built by the Hazelwood Company.

## Dystrophy Fund Canvass Tonight

Local volunteer women will conduct a door-to-door canvass tonight seeking contributions in the Muscular Dystrophy campaign.

Fire Chief Virgil A. Parker, chairman of the Allegheny-Garrett Chapter of the Muscular Dystrophy Association, said last night the canvass will begin about 7:30 p. m. and that approximately 200 women will trek to homes in neighborhoods throughout the city.

Residents are asked to contribute generously in the campaign for funds for research toward determining the cause of the crippling disease which affects both young and old.

Marine Corps Officer Visits Recruiter Here

Captain Robert J. Norton, Baltimore, head of Marine Corps recruiting in the district, visited the local Marine Corps recruiting station today.

He met with Tech. Sgt. Robert J. Grayson, local Marine recruiter, and discussed plans for recruiting activities in this section.

Thanksgiving Day Holiday Approved

The offices and departments of the city will be closed Thursday, Thanksgiving Day.

The Mayor and Council granted the one-day holiday in an order passed at its meeting yesterday. Offices will reopen at the regular time, 9 a. m. Friday.

Soil Group To Elect Officers On Friday

The Allegheny Soil Conservation District Supervisors will elect officers Friday at 1:30 p. m. at the office of Joseph M. Steger, county farm agent.

Present officers are Floyd Busenberger, chairman; Wilbert Paul, vice chairman; and Charles S. Harvey, treasurer. Martin Gordon, acting work unit conservationist, will give his monthly report of activities.

Orchestra Commended

The Cumberland Civic Orchestra will receive a letter of commendation from the Mayor and Council as the result of its recent concert. Commissioner Lucile Roeder suggested the move and praised the local musicians for their contribution to the cultural life of the community.

## Fleming Gets Appointment To Committee

Philmore Fleming, Cumberland's police and fire commissioner, has been appointed to a national committee of the American Legion by Preston J. Moore, national commander.

Moore said Fleming has been named as a general member of the law and order group and his term will run until the close of the 1959 fall meeting of the national executive committee.

Fleming was the first veteran of World War II to become commander of Fort Cumberland Post 13, American Legion. He is a past chief de gare of Cumberland Vulture 164, 40 & 6 Society.

He will be present at the morning service in St. Paul's Lutheran Church here, which will make a presentation at the Sunday School of St. Paul's Lutheran Church, Frostburg.

Rev. Schmittlenger will deliver the meditation on "Reasonable Thanks." Rev. William R. Snyder, pastor of St. Luke's Church, will participate in the service and lead in the prayer of Thanksgiving, and Rev. Maurice D. Robertson will be in charge as host pastor.

Music will be provided by the Senior Choir of the Presbyterian Church under the direction of Herman I. Smith, minister of music. They will sing "Exalt, Now Thy Holy Name," by Henninger, "A Song of Thanksgiving," by Robb, and "God of Our Fathers," by Warren. Mrs. Maurice D. Robertson will be organist.

This public United Service of Thanksgiving has been held by the cooperating churches for a number of years.

Union Denies Strike Threat

A statement published to the effect that B&O Federation 7 of the shopcrafts had taken a vote to strike last night is erroneous.

Duane L. Boyd, president of the Federation, which represents seven locals of the five crafts of the B&O shops here, issued the following statement today:

"The statement of a strike threat by B&O Federation 7 was not made by any authorized officers of Federation 7. Any and all grievances will be processed as set forth in the agreement."

"Any strike action on the railroad would be in accordance with the Railway Labor Act and cannot be authorized by any local group."

Federation 7 did have a meeting at the IOOF Hall on Virginia Avenue last night, but no report of any action taken at that meeting was authorized by the officers to be issued.

Thanksgiving Day Services Planned

The Pinto Mennonite Church will conduct Thanksgiving services at 7:45 p. m. Wednesday and 10 a. m. and 7:45 p. m. Thursday.

Rev. Sanford Sheller, Johns town, Pa., will speak on "Church and State — God and Caesar."

"The Grace God Has Bestowed On Us" and "God and the Nations."

Rev. Schmittlenger will also speak on the subject "Christian Vocations" with special reference to missionary work at a Luther League luncheon at 12:15 p. m. Saturday at St. John's Church.

His work in India is partially supported by St. John's Church, according to Rev. Russell E. Fink, pastor.

## Board Hears State Mental Paying Plan

### New Program To Start January 1 For Western Counties

The plans of the State Department of Mental Hygiene to take over the collection of all charges for patients in state mental hospitals which had been handled previously by the Allegheny County Board of Commissioners was discussed today.

Leonard Albert, financial agent for the state agency, met with the commissioners today to outline the procedure which will be followed. He said the program, authorized by the last session of the Legislature, was begun last October 1 on the Eastern Shore, and will be placed in effect January 1 in the Western Shore counties, and next April 1 it will be placed in effect in Baltimore City and Baltimore County.

Albert also pointed out that the state agency would not pick up any of the accounts which have accumulated large unpaid balances as most of these are collectable. The state agency will start out with a clean sheet, Albert added.

The Sylvan Retreat, which is maintained by Allegheny County, will not come under the new procedure as it is not a state mental hospital. Some state funds are allotted to help pay for its operation.

Also starting in January the monthly charge for patients will increase from \$116 to \$125, Albert explained. He said the money collected for the care of mental patients in state hospitals does not accrue to the State Department of Mental Hygiene but goes directly into the state fund.

Union Church Services Set Thanksgiving

Union services of Thanksgiving will be held Thanksgiving Day (Thursday) at 10:30 a. m. in First Presbyterian Church, Washington Street.

Cooperating churches are St. Luke's Lutheran Church and the First Church.

Rev. Carlott M. Harris, pastor of Centre Street Church, will deliver the meditation on "Reasonable Thanks." Rev. William R. Snyder, pastor of St. Luke's Church, will participate in the service and lead in the prayer of Thanksgiving, and Rev. Maurice D. Robertson will be in charge as host pastor.

Music will be provided by the Senior Choir of the Presbyterian Church under the direction of Herman I. Smith, minister of music. ## Rain, Snow Forecast Proves Dud

Much to the pleasure of Cumberland area residents, the prediction of rain changing to snow for last night did not materialize. Temperatures did drop into the mid-20s in the area with Cumberland and Oakland registering 26 degrees early today. Skies were overcast and temperatures in the mid-40s at noon today.

Tomorrow will be cloudy and slightly warmer, according to the forecast issued by the Weather Bureau today. Thursday will be cloudy and considerably colder. There is a possibility of showers late tonight or tomorrow.

Police Arrest Tavern Owner For Bank Job

Elmer Louis Buffy, 30, Central City, Pa., has been charged with the \$1,020 armed robbery of the Schellsburg branch of the First National Bank of Bedford last Thursday.

Pennsylvania State Police at Bedford and FBI agents arrested the man last Friday and placed charges against him yesterday afternoon.

State Police said Buffy, who operates a tavern at Shedd Township, was questioned extensively since his arrest as authorities attempted to piece together their case.

Police said they had established the fact that Buffy had borrowed a late model maroon car from Fred Leppert of Reels Corner, Pa., on the day of the robbery. Witnesses told police that the lone gunman who held up the bank at 1:10 p. m. on Thursday escaped in a late model maroon sedan.

The holdup suspect also closely answers the description of the bank bandit given to police by Chester G. Culp, manager of the branch bank. Culp described the gunman as about 28 and 32 years of age, 200 pounds and over 6 feet tall. Buffy is 30, weighs 200 pounds and is a shade over the six foot mark in height.

Buffy soon will be arraigned on the bank robbery charge. No date has been set for the arraignment.

The Schellsburg bank was held up by the lone gunman who entered the building wearing a bandana over his face. He pointed a small caliber pistol at Culp and Mrs. Bernice Whisell, a teller, and demanded "all your money."

Culp, at the risk of his own life, defied the bandit and attempted to talk him out of the holdup, but the man threatened to shoot Mrs. Whisell and the two employees then handed him some small bills which the robber stuffed in a pocket of a plaid hunting jacket before he fled.

The gunman escaped in the maroon-colored car which was parked beside the bank, eluding road blocks which were thrown up quickly by Pennsylvania and Maryland state police on all highways leading from the Schellsburg area.

Pair Released By Authorities

Authorities in Oakland are investigating three breaking and enterings in Garrett county.

Sheriff James Frantz said last night that he has released two men suspected of recent robberies at stores in Bittinger.

Sheriff Frantz said the men had been arrested in connection with breaking and enterings at Buckle's Store and Brennen's Store in Bittinger. They were released due to lack of evidence, Frantz said.

Also being investigated is a breaking and entering at Glocelly's Restaurant on Second Street in Oakland. Sheriff Frantz said nothing was stolen from the business establishment.

Water Department Asks Bids On Pipe, Fittings

The Water Department is advertising for pipe and fittings with bids to be opened at 10 a. m. Monday, December 8, according to Commissioner G. Ray Light.

Included in the bid are 1,000 feet of six-inch cast iron pipe (Class C 150) and 1,000 feet of four inch cast iron pipe with tyton joint construction or equal. Fittings include various sized mechanical joint tees.

St. John's Lutheran Service Set Thursday

Rev. Russell E. Fink, pastor, said pastors of the church and the sanctuary choir will participate.

Church To Conduct Thanksgiving Service

The Cumberland Bethel Church of the Nazarene will conduct a Thanksgiving service Thursday at 10 a. m.

Rev. Joseph L. Hoopengardner will deliver the Thanksgiving message.

Worker Breaks Leg In Tumble

An employee of the E. J. Albrecht Construction Company had a "bad day" at work yesterday.

First the man, Paul Lindeman, 32, of Meyersdale, was treated at Sacred Heart Hospital after he stepped on a nail while at work.

Later Lindeman was admitted to the hospital after he had fallen three feet into the Wills Creek bed from the flood control wall.

Hospital attaches said he sustained a badly fractured left leg in the fall near the Market Street Bridge.

Co-workers said Lindeman was tearing down a wooden form which was against a slope of the wall. He stepped on a muddy board and fell three feet into the creek bed, it was reported.

Local Youth Given 90-Day Jail Term

A 19-year-old Mill Run youth was sentenced to 90 days in the Allegheny County Jail at a hearing yesterday in Trial Magistrate Court.

Magistrate Morris Baron sentenced the youth, Robert M. McKee, after finding him guilty on two counts of larceny.

The state's case was presented by Edwin R. Lilya, county investigator.

**Jury Returns Indictment For Murder**

BEDEFORD—A Bedford County grand jury yesterday indicted Marcus Means, 73-year-old Clearville area farmer, for murder in the fatal shooting of an Everett truck driver last October 31.

Means has been held in the Bedford County Jail since his release from a hospital November 10. He was admitted to Bedford County Memorial Hospital for surgery of a bullet wound in his left shoulder which authorities said was self-inflicted after he shot to death Ole Clingerman, a driver for a gasoline distributing company.

The 60-year-old Clingerman was found in the rear of his truck after he had delivered gasoline to the Means farm. He was shot in the left side with a high-powered rifle.

Clingerman was slain following an argument over the brand of gasoline being placed in the storage tank and pump on the farm.

A neighbor found Means in his farm home, alone and wounded. He said Means told him "I shot Clingerman."

Clingerman had been employed by Harry Laher and Sons of Everett for 31 years.

### Homemakers Meeting Held At Mt. Savage

MT. SAVAGE—The Mt. Savage Homemakers Club viewed a demonstration on dried flower arrangements at a recent evening meeting in St. George's Hall. Harry Miller of Frostburg showed steps in making bouquets of dried flowers, leaves and grasses, stressing the value of line, shade of colors and shape of containers in various arrangements.

Mrs. Sarah Carler, president, presided while Mrs. William Williams, chaplain, led the group in reading the: Homemakers Collect. Mrs. Harry Long, citizenship chairman, led the salute to the flag.

Mrs. Louis Haus read the history of the Hymn of the Month, "Now Thank We All Our God," after which she led the group in singing the hymn.

Birthday greetings were sung to Mrs. Wesley Sleeman and Mrs. Pearl King.

Mrs. Roy Deffenbaugh, workshop chairman, reported the project a success and Mrs. Grace Beal, instructor of the falling class, stated that progress had been made and that another class on falling will be held sometime after January 1. The next workshop class on Christmas novelties and gift wrapping will be taught by Mrs. Louis Haus—December 4 from 4 to 10 p. m. Each student should bring at least two packages to be wrapped and a pair of scissors, and make reservation for lunch which will be served by St. Margaret's chapter of St. George's Episcopal Church.

Mrs. Carter reported the Homemakers Christmas dinner will be held Thursday, December 11, at 6 p. m. in St. Patrick's Hall, and will be served by the CD of A of St. Patrick's Church. Reservations must be placed with either of the following persons by December 9: Mrs. Joseph Crowe; Mrs. Albert Swager, or Mrs. Roy Deffenbaugh.

Mrs. Harry Long reported the nominating committee named Mrs. Francis Bland as vice president and Mrs. Grace Beal as secretary for the next two years.

Mrs. Lloyd Wade announced that the County Chorus will sing the first Sunday evening in December in Central Methodist Church, Cumberland.

Mrs. Raymond Yulzy, reading chairman, told about the new library book, "Jonathan Found," by Cecil Madden. She also displayed a Yule tree made of varied sizes of punched sequin material, earrings and corsages.

Mrs. Albert Swager won the monthly prize.

The GN Card Club of Calla Hill met a recent evening at the home of Mrs. Margaret Crow, Poplar Street. Five hundred was played and refreshments were served.

Prizes were won by Mrs. Edith Lancaster, Mrs. Maude Holsinger and Mrs. Bertha Holt. The next meeting will be held at the home of Mrs. Bernarda Winner, Columbia Avenue. A Christmas party is scheduled and secret sisters will be revealed and names drawn for next year.

**Brief Mention**  
A social will be held today at 7:45 p. m. in the firemen's hall for the benefit of the Mt. Savage Volunteer Fire Company.

The annual Thanksgiving drive for clothing, bedding and shoes for the needy overseas is being conducted by St. Patrick's Catholic Church. Persons having donations of clothing are requested to bring them to St. Patrick's School not later than tomorrow morning.

Mrs. Catherine Hiner, Pittsburgh, is visiting her brother, Joseph Nolan.

Mrs. Raymond Twigg and children of Cincinnati are visiting her parents, Mr. and Mrs. DeSales McDermitt, and aunts, Misses Kathleen and Loretta McDermitt.

Mrs. Mary A. Jones, Martinsburg, is visiting her daughter, Mrs. Edwin Frankenberg.

William Martin Jr. is a surgical patient in Miners Hospital, Frostburg.

Mrs. Thomas Adams Jr. is a patient in Memorial Hospital, Cumberland.

**Cresaptown TV Drive Scheduled**

CRESAPTOWN—Members of the Cresaptown TV Association will begin tonight to solicit funds for UHF television reception.

Some 35 members of the association have been assigned to the soliciting committee which will cover all parts of the Cresaptown area.

Plans for the fund drive were made last night as the steering committee met at the Beagle Club along Route 220.

The next meeting of the committee will be held December 9 at 7:30 p. m. at the Beagle Club, according to John Barton, president.

### Keyser Moose Lodge Plans Anniversary With Program

KEYSER—Starting with a class enrollment ceremony today at 8 p. m., Keyser Lodge 662, Loyal Order of Moose, will begin a two-day celebration in honor of the lodge's fortieth anniversary. The lodge was chartered in 1919, but reorganized in 1939.

Tomorrow night the lodge will be host to many notables on the occasion of its anniversary dinner-dance with music by "The Cavaliers" from Grafton and the Morgantown areas.

Ted Kessinger, president of the West Virginia State Moose Association from Beckley, will speak. Two other stalwarts of the organization will also be present: Leo Casey, deputy supreme governor of the Loyal Order of Moose and clerk of the Senate Committee, and Ralph C. Dusic of Romney, West Virginia state director.

Reports on progress of the lodge will be given by the officers. The local lodge has been one of the most active in the area, participating in civic projects and the wants and needs of local people with a continuous civic affairs program.

**To Wind Up Drive**  
Backers of a project to construct a golf course and country club in this area met Monday and decided to try to wind up the campaign to raise \$40,000 in ten days to two weeks.

To date 140 persons have signed pledges to purchase \$200 notes provided the full \$40,000 is pledged. With only 60 more signers needed, the committee feels the drive should be wound-up as soon as possible. Of the 140 signers, 92 are from Keyser with 39 being Tri-Towns residents and nine from South Branch Valley townships.

The project calls for the construction of a nine-hole golf course near the Upper Potomac Shrine Club on Route 50. The club would be used as a country club and, in addition, there would be a pro shop and caddy house as well as other recreational facilities such as a swimming pool, tennis courts and a children's playground.

**Jingle Party Planned**  
PIEDMONT—Kappa Delta Bible Class of Trinity Methodist Church will hold a Christmas jingle party at the church Monday, December 1, at 7:30 p. m.

### Dedication Service Set

CORRIGANVILLE—An electric organ will be dedicated Sunday at 9:30 a. m. services in St. John's United Church of Christ, according to Rev. John B. Zinn, pastor.

The organ is a gift from the family of the late Mr. and Mrs. Charles L. Miller. Miller was an elder emeritus of St. John's and was one of the original charter members of the congregation.

At the service the Rite of Confirmation will be extended to the following: Sandra Jean Burkett, Dorothy Ann Frizzell, William DeLoss Murphy, Lynn Edward Robinselle and Paula Ann Poorbaugh.

### KHS Delegates To Journalism Meet Back Home

KEYSER—Eleven representatives from Keyser High School's Journalism Department attended the twenty-fourth annual Journalism Institute at Morgantown.

The Keyser representatives, along with 170 other students from throughout the state, were guests of West Virginia's University's Journalism Department.

Students attending the institute, sponsored by the West Virginia Association of Journalism, attended workshops on advertising design and layout, headline writing and copy editing, page planning and layout.

James Bosley, Jack Canfield, DiAnn Welshonice, Patricia Ryan, Ruthi Mosser, Nancy Taylor, Ronald Mathias, Roe Ann Temple, Connie Mustoe, Rupert Bosley and Patricia Bailey were the local delegates.

Dr. Elizabeth Atwater, journalism instructor at Potomac State College, participated in a panel discussion, "What's Our Future," which had as its purpose to find some changes or additions to the association for its betterment.

Baker University at Baldwin, Kan., received \$100 from Abraham Lincoln to erect a building on the campus in 1864.

### Tri-Towns UO Project Held

WESTERNPORT—Approximately 1,500 items of non-perishable food and 1,500 pieces of clothing were gathered by Boy and Girl Scouts of the Tri-Towns in a house-to-house canvass.

The donations will be distributed to needy in the Tri-Towns area by the United Organizations.

The clothing is stored on the second floor of the Union Building here and foodstuffs were placed in the store room of the Walker Building in Piedmont. Both places are storerooms for the UO.

Fifteen units of Boy and Girl Scouts participated, including Piedmont, Westernport, Luke, Beryl, Blomington and Franklin. The drive was conducted in all of these places.

Eight cars and trucks were used to transport the collection. At each storeroom Girl Scouts placed the articles in their proper places under the direction of three women for the United Organizations.

Pasture lands occupy one fourth the area of Illinois, a major producer of livestock.

### B&O Will Attempt To Curb Long Blockings At Keyser

KEYSER—Baltimore and Ohio Railroad Company officials Klauenburg, at the meeting were told Mayor Richard E. Romig, several local officials including members of City Council and W. W. # Air Academy Ready To Fill Cotton Bowl Berth

## Gator Only Bowl Still In Need Of Two Teams

By ED WILKS  
Associated Press Sports Writer

What thrills are in store for football fans Thursday when the schoolboy teams of Fort Hill and Allegany renew their rivalry before an expected turnout of some 6,000 fans?

Chances are spectators will see nothing that has ever happened before at Fort Hill Stadium in Thanksgiving Day games of the past.

History pages of the local blue-ribbon football classic are filled with exciting moments — long touchdowns, brilliant passing, sensational kicking and rock-ribbed defensive play.

"Turkey Day" heroes have been plentiful and their names are easily remembered. So are the names of those who muffed their big chance and as a result had the undignified tag of "goat" pinned on them.

These climactic holiday skirmishes are always spirited and hard fought, and even though there were times when one team emerged the game a heavy favorite, scores for the most part have been close. The element of not knowing just exactly what to expect, the color which has been injected into the traditional battle down through the years and the fact that it has always decided the city championship have combined to set this engagement aside as one of distinction.

The uncertainty of the weather in late November must also be considered. Battles of the past have been fought under warm, sunny skies, in bitter cold, on a gridiron sticky with mud and on days when the snow was flying. One game (1938) even had to be postponed because of a morning blizzard. It was played the following Tuesday night under the lights.

The very first football war of the series between the two local public schools was waged in the mire of old Community Park. This was in 1934, the year Allegany and LaSalle severed relations and before Fort Hill was built. The South End school was known at the time as Penn Avenue High. Two blocked punts led to both of Allegany's touchdowns as the Campers fought from behind to win, 14 to 6. This was the only game of the long series that was played in the morning.

Penn Avenue, which was coached by Bobby Cavanaugh, came back the next year to win the title. Ed Bratt and Derl Keller, a pair of line-busters, deluged overcame the great running of Alco's Frank Jordano as the Maroon took a 20-6 decision.

The year 1936 found Herman Ball making his debut as Allegany coach. The Campers roared from behind to take a 19-12 victory, although Fort Hill's Bratt was voted the game's outstanding player.

In 1937, Jim Gaffney turned in the first of three brilliant Thanksgiving performances. This game was the first holiday contest played in the new stadium.

But before becoming a hero, Gaffney, whose son, Bobby, will be playing in the 1938 game for Allegany, was a "goat." A sophomore sensation at the time, Gaffney shared a Fort Hill punt a few yards in front of his own goal and in an effort to find running room, danced back into the end zone where he was nailed by Arthur Wilt and Harold Bratt for a Fort Hill safety.

This was in the first period. Not too long after the second half started, Gaffney intercepted a Fort Hill pass and got to the 11. Three plays carried to the two and on fourth down Gaffney passed to Paul Kemp for a touchdown and a 6-2 Alcu win.

In the night game of 1938 Gaffney scored both touchdowns in a 14-0 win in the mud and the following year found "Big Jim" scoring once and passing to Lou Bell for another as the Campers triumphed, 13 to 0. Gaffney accounted for 106 yards rushing. This was the Allegany team quarterbacked by Tommy Mont.

The year 1940 will be remembered as the year that Fort Hill, coached by Johnny Long, broke the spell that Ball-coached teams held over the Sentinels. The Sentinels took to the air, completing eight of 11 for 138 yards. Harold Hipsley, Billy Dean and Gene Hook scored TDs as Fort Hill won 20 to 0.

In 1941 Allegany went through its first undefeated season in history. The Campers' 19-0 victory was highlighted by a 70-yard run on a pass interception by Milt Athey, Cumberland's first T-formation quarterback.

The following year also was an unbeaten season for the Campers and the 17-0 victory they scored on Thanksgiving was the last game for Ball as Allegany coach. It also marked the debut of Hahn at Fort Hill and the Sentinel mentor hasn't lost a "Turkey Day" (Continued on Page 17)

The Air Force Academy, precocious and coy, appears ready to climax its leap from obscurity to limelight by filling a Cotton Bowl berth. Washington State has asked permission to leave its own back yard. And Rutgers is worried about wrestling schedules.

That's a brief look at the way things shape up today for the year-end college football bowl games.

**Gator Needs Two**  
Two of the five major bowls are filled—the Rose and Orange. But only one, the Gator, is without even one team.

Here's the card at the moment: Rose—Iowa (7-1) vs. California (7-3).

Orange—Oklahoma (8-1) vs. Syracuse (8-1).

Cotton—Texas Christian (8-1) for sure vs. Air Force (8-0-1) probably.

Sugar—Louisiana State (10-0) for sure vs. Clemson (7-2) possibly.

Gator—Playing a waiting game.

Among the other major college bowls, the Sun is half filled after getting an acceptance from Wyoming (7-3). The Blue Grass has been snubbed by Kentucky and the Tangerine hopes for an acceptance today from Buffalo (8-1).

**Air Force Best Bet**

Air Force appears the best bet to land a berth among all the teams scrambling for someplace to go. But the brass won't make up its mind publicly until after Saturday's game with Colorado.

The Air Force can have its pick of the Cotton, Gator and Tangerine.

The Cotton Bowl host, TCU, made it as Southwest Conference champ, an automatic bowl bonanza such as those picked up by Iowa, California and Oklahoma when they won the Big Ten, Pacific Coast and Big Eight championships. LSU, the nation's top-ranked team, is the Southeastern Conference champ, but while that title usually carries Sugar Bowl rights, it's no outright guarantee.

**Rutgers On List**

The Blue Grass, turned down by Kentucky in a squad vote, has quite a list of potential guests for its debut in Louisville, Dec. 13. Among the teams on the list is Rutgers.

The Knights have record, will play, but want to know quick because of scheduling commitments for winter sports.

The Blue Grass committee is also considering Alabama, North Carolina, Pitt, West Virginia, Florida, Georgia Tech, Florida State, Clemson, Tulsa, and Cincinnati. Alabama is a "top choice."

Southern Methodist could be a prime choice for the Gator if it upsets TCU this weekend—but that might nail the Mustangs as Sugar Bowl bid too.

Florida State is an unofficial choice to face Buffalo in the Tangerine Bowl at Orlando, Fla., Dec. 27. Mississippi Southern East Texas State, Tulsa, Miami (Ohio) and Virginia Military also are prospects.

## Bayard To Floor Vet Cage Team

Showing a veteran-loaded roster, Bayard High may have one of the top basketball teams in the area for the coming season.

The Tigers, coached by Francis Malone, start their campaign Friday, December 5, against Petersburg. The game is the first of 18 with Picken High being the only new opponent. Last season the Tigers begged eight of 19 starts for the season and then lost in the Section 12-B journey to Mountaineer High, 52-50.

Returning this season will be the team's four high scorers of the past campaign in Ronnie Kuhn (289), Ed Kopfle (159), Lonnie Kuhn (146) and Jim Moreland (143). Schedule and roster:

Dec. 5—Petersburg, away (50-46)	
Dec. 9—Parsons, away (44-31)	
Dec. 12—Beverly, away (35-42)

**FORT HILL'S 'MAIL CARRIERS'**—Here are the boys who will be "carrying the mail" for Fort Hill High's Sentinels Thursday afternoon against the Allegany Campers. All seven of these lads, who played major roles in Fort Hill's undefeated record to date, will see action against their city rival in the traditional Thanksgiving Day game. Left to right, they are: halfbacks Jerry Hammond and Donnie Lewis, quarterback Charley Robinson, fullback Tom Davis and halfbacks Leroy Henry and Bill Koerner. Koerner is the scoring champion of the Cumberland Valley Athletic League

and appears a shoo-in for the city title. He has tallied 84 points on 14 touchdowns. Lewis, Henry and Hammond won't start if Fort Hill kicks off. Coach Bill Hahn, who hasn't lost a Thanksgiving game since his first year at Fort Hill way back in 1942, says his Sentinels are in good physical condition for the big game. The favored Red Raiders completed their heavy work last Friday. Yesterday they worked mostly on offense, today they'll concentrate on defense and tomorrow they'll polish up both. Thursday's kickoff is scheduled for 1:30 p. m.

## Army's Backs Anderson, Dawkins Needed By Navy

ANNAPOLIS (AP)—Note to Army: Navy would like to borrow your two halfbacks, Pete Dawkins and Bob Anderson, for a couple of practice sessions this week.

The Middies don't have anybody who can impersonate them well enough to defend them.

"It's tough to get a true picture of Army's attack, because our halfbacks can't throw the ball like they do," Coach Eddie Erdelatz says. "We've tried it but it just doesn't work."

Erdelatz has had varsity halfbacks as well as jayvees, who normally scrimmage the varsity, assuming the Dawkins-Anderson pass or run roles.

The Middies figure this will be their major problem in trying to contain the Cadets' explosive offense when the two service rivals meet in Philadelphia Saturday.

Dawkins, a southpaw, and Anderson, a right-hander, are both excellent passers as well as hard-running backs, and they can throw from Army's option plays, which makes them doubly dangerous. Anderson has tossed four touchdowns, strikes in completing 10 of 15 attempts, and as Erdelatz mildly states it, "That's terrific."

Quarterback Joe Caldwell is also quite a passer, and the key man in the three-way aerial threat.

The Navy coach is contemplating only one lineup change for the game, barring practice injuries this week. He says he'll probably start senior Ray Wellborn at fullback instead of Joe Matalavage, the sophomore flash who came out of a reserve role to lead Navy victories against Maryland and George Washington.

Wellborn has recovered from injuries received in a 40-20 defeat by Notre Dame Nov. 1 and can bring better defensive and blocking abilities to bear against Army than can Matalavage, although the latter is a more explosive runner. Matalavage will play with the No. 2 unit, which Erdelatz plans to alternate with the regulars.

## 'Pass' Army Password For Saturday's Game

NEW YORK (AP)—Army's password against Navy Saturday may be just that — "pass."

Navy's jitterbug defense—with the linebackers jumping up to form an eight or nine-man line—left the Cadets' buggy last year, when the Middies held Army to 88 yards, rushing and won 14-0.

The Middies are still at it, but Army figures to get their goat by passing. Navy (6-2) has had trouble against passes all season.

Now Army plans to do the same thing if Navy jams the line.

"If they try that again," Army Scout Dale Hall told New York football writers at their luncheon yesterday, "We'll pass right over them. We'll throw 50 passes in the game. Notre Dame threw right over their eight-man line."

That could make it quite a day for Army Quarterback Joe Caldwell in a try to open up Navy defenses for Halfbacks Pete Dawkins and Bob Anderson.

## Pope First NC State Player In East-West

RALPH, N.C. (UPI)—Bob Pope, a 6-foot-2 senior end at North Carolina State, will play in the East-West Shrine football game at San Francisco, Dec. 27, and in the annual Senior Bowl game at Mobile, Ala., Jan. 3. He will be the first Wakepack player ever to play in the East-West game.

## Longfellow, Fairbanks On All-Star Club

By WILLIAM B. MEAD  
United Press International

RICHMOND, Va. (UPI) — Dick Longfellow, West Virginia's shifty accurate — passing quarterback, leads a strong and balanced eleven named today to the 1938 United Press International All-Southern Conference football team.

Sportswriters, sportscasters and coaches picked Longfellow as the league's player of the year, beating out Virginia Tech's Billy Holsclaw, another quarterback, for the honor. Longfellow also was named back-of-the-year while steady Carroll Dale, Virginia Tech's all-around end, won lineman-of-the-year honors.

Balancing the flashy passing of Longfellow and Holsclaw in the all-conference backfield are Virginia Military Institute's two speed kings, halfback Sam Horner and fullback Pete Johnson.

WVU Gets Two Line Berths  
VMI's Keydels and the Mountaineers of West Virginia also won two line berths each. Jim McCall, a 224-pound VMI senior, was placed at one tackle position and his teammate, Jerry Borsl, 198 pounds, was named center.

The West Virginia line stars are Terry Fairbanks, a 200-pound end, and Bill Lopasky, 220-pound guard.

Dale, a 197-pound defensive and offensive giant, won the other end position while 215-pound Elliott Schaubach of William and Mary was an overwhelming choice at tackle and The Citadel's Dick Cleveland was voted the other all-conference guard.

The line averages a hefty 207 pounds, ranging from Cleveland's 195 to McCall's 224. The backfield, however, averages only 179 pounds but is built for speed.

Johnson is the only member of the mythical backfield known as a line cracker, and he gives away little in fleetness to teammate Horner, the conference's indoor sprint champ, or Longfellow and Holsclaw, both adept at either running or passing from the roll-out option play.

Three members of the West Virginia backfield, which dazzled its four league opponents this season, received honors. Halfbacks Mel Right and Ray Peterson were picked on the second team. Len Rubal, William & Mary's bruising fullback, and speedy Ted Colan of George Washington are the other second team backs.

Tackle Dick Guesman is the sixth Mountaineer to make the league's top 22, being named second team tackle along with big Ed Rutkoff of George Washington. Richmond co-captain Joe Biscaba and Paul Maguire of The Citadel are the second team ends, Bob Fruha of George Washington and Mike Zeno of Tech the tackles, and another Techman, Nick Nicholas, was picked at center.

Keyser Wins Five Places On PVC's All-Star Team

Keyser High School's perennial football champions were voted five of the 11 places on the Potomac Valley Conference all-star team at a meeting of the circuit last night at the Old Homestead Hotel, Burlington. The only other school to get more than one spot was Moorefield with two. Single honors went to Ridgeley, Petersburg and Berkeley Springs.

West Virginia School for the Deaf, which shared the title with Keyser, dominated the second team, getting three places. Petersburg landed two, while schools getting one position were Ridgeley, Romney, Franklin, Circleville, Berkeley Springs and Moorefield.

Frostburg's Beall High was voted down by a 10-7 count on its application for membership in the league for football and track only. The conference voted championship trophies to Mathias (basketball), Keyser (track), Keyser and West Virginia (football duplicate awards) and Petersburg (runnerup, football).

The junior high basketball tournament staged by the PVC will be held at Keyser February 14, 21 and 24. Eleven schools will participate. They are Keyser, Petersburg, Capon Bridge, Elk Garden, Moorefield, Berkeley Springs, Southern, Paw Paw, Fort Ashby, Piedmont and Romney.

New coaches introduced at the meeting were Gary Kerns, Berkeley Springs; Roy Dove, Jr., Mathias; Glenn Smith and Gerald Messenger, Paw Paw, and Eddie Harlman, Romney. The football all-star teams:

## Birds' Roster To Be Studied By MacPhail

BALTIMORE (AP)—Lee MacPhail, warming up to the job of general manager of the Baltimore Orioles, isn't planning to put the axe to the present roster, at least for a while.

In fact, his approach apparently will be one of caution and careful study.

"We need players who can improve our attack and additional help for the infield," he said.

"We hope to begin our quest with the draft next week at the winter meetings in Washington."

To Consult Richards  
The 41-year-old MacPhail, fresh from the front office of the New York Yankees, officially took over the job of Orioles general manager yesterday. Paul F. Richards, who had held the position, will devote full time to action in the field.

However, MacPhail repeated that he will confer with Richards on all player deals.

Richards and other Orioles brass will accompany MacPhail to Washington next week for the baseball meetings, starting with the player draft Monday.

The draft is the most pressing business before the new general manager, although he made clear that the Orioles will talk trade with anybody at any time.

Referring to the Washington meeting, he said he doesn't think the draft list is too promising this year. Just the same, "we hope to come up with somebody who can help the Orioles next season."

Finds Vital Weaknesses  
Looking at the Baltimore team, he found some vital weaknesses. "I think everybody is aware that our greatest need is somebody who can hit the ball," he said.

"From what I saw of the Orioles last season, neither can I feel we are really strong through the middle. We can use more depth at second base and shortstop."

Finally, what about Jack Dunn, whose five-year contract as assistant general manager runs out at the end of the year?

MacPhail replied that he preferred to delay a decision on Dunn "until I am more familiar with the Baltimore picture."

Army end Don Utry was a freshman at Texas A. and M. before going to the U. S. Military Academy.

## LSU Appears On Way To National Title

By ED CORRIGAN  
Associated Press Sports Writer

Louisiana State, which has completed its first perfect football season in half a century, was ranked No. 1 today in the weekly Associated Press poll for the fifth straight week and appeared on the way to winning its first national championship ever.

Paul Dietze's outfit finished with a 10-0 record, won the South-eastern Conference championship and will be the host team in the Sugar Bowl. All this by a team that could do no better than a 500 mark a year ago and was not even considered a threat for the league title two months ago.

There will be one more poll next week, but it seems nothing more than a formality for LSU to stay at the top. LSU is the only undefeated-untilled major college team.

The sports writers and sportscasters gave LSU 115 first-place votes, good for 1,445 points based on the usual system of 10 for first, 9 for second and so on.

Actually, there were only 41 first-place votes which the Tigers did not count. And practically all these ballots listed them in second place.

Auburn, last year's national champion—which would have won the SEC title had Louisiana State faltered one little bit, was second with 1,083 points. Auburn had an 8-0-1 mark.

Oklahoma, which will play Syracuse in the Orange Bowl, was the only other team that managed to collect more than 1,000 points. The third-place Sooners, beaten once in nine games, had 1,007 points.

Big Ten champion Iowa, which goes against California in the Rose Bowl, was fourth. The Hawkeyes had 16 first-place votes.

Then, following in order, were Army, Wisconsin, Texas Christian, Air Force Academy, Ohio State and Syracuse.

The top 10 with first-place votes in parentheses:

1. Louisiana State (115)	1,445
2. Auburn (5)	1,083
3. Oklahoma (3)	1,007

## Buchholz Hits Semi-Finals On Gruelling Five-Set Win

SYDNEY, Australia (AP)—Earl Buchholz, 18-year-old American Junior champion from St. Louis, battled into the semifinals of the New South Wales tennis tournament today in a gruelling five-set match with U. S. teammate Alex Olmedo.

Buchholz, who upset Australian Davis Cup star Mal Anderson earlier in the tournament, finally won 1-6, 4-6, 5-7, 6-1, 6-4.

Buchholz' semifinal opponent Thursday will be Australian youngster Roy Emerson, who won today from Bob Mark of Australia 6-1, 6-4, 6-4.

Wimbledon and U. S. champion Ashley Cooper, the top-ranked Aussie, played only as hard as he had to in eliminating countryman Rod Laver, 6-2, 1-4, 6-3, 6-2.

Andres Gimeno of Spain became the last semifinalist when he stopped Australian junior champion Wytin Mulligan, 4-6, 6-4, 6-2, 7-5. His Thursday opponent will be Cooper.

In a quarter-final doubles match put off from Monday, Don Candy and Bob Howe of Australia defeated Italy's Davis Cup pair of Nicola Pietrangeli and Orlando Sirola, 4-6, 9-7, 7-5, 6-3.

Oldtown Opens At Mt. Savage  
Coach Ronnie Kellough's Oldtown High cagers launch their 1938-39 campaign by meeting Mt. Savage on the Indians' court Saturday, December 6.

The contest will be the first of 21 for the defending County Class C champs. Last season, Oldtown bagged six of 20 starts, including its first participation in the District 1 tourney. Oldtown lost, 76-31, to champion Walkersville.

Ronnie Deffenbaugh heads the list of returnees while graduation took regulars Cecil Nethers, Kenny Davis and Pete Horwath. Schedule and roster follow:

## Zalazar Wins 15th Straight

NEW YORK (AP)—There is a new ringside chant at the boxing clubs. It goes like this: "Zal-a-zar, Zal-a-zar."

The cheers are for Victor Zalazar, a rangy middleweight from Argentina who has won 15 straight and never fought the scheduled distance.

Zalazar stopped his 15th opponent Monday night at St. Nicholas Arena. Frank Keating, a chunky 161-pounder from Wallingford, Conn., was the victim in 21 seconds of the eighth round.

Keating bled from cuts around both eyes, the nose and mouth. Referee Arthur Mercante finally stopped it in the eighth.

Matchmaker Teddy Brenner will try to pair Zalazar, 156, with Cuban Benny Parot on his Dec. 15 show. Parot outpointed Barry Allison of Springfield, Mass., on Monday night's prelim card.

## Last Night's Production Marked Anniversary For 'Voice Of Firestone' On Television

By WILLIAM EWALD  
United Press International  
NEW YORK (UPI). — "Voice of Firestone," a kind of co-axial Grandia Moses, marked the completion of its 20th year Monday night.

According to the historical division of ABC-TV, this makes "Voice of Firestone" the first network show to negotiate this distance, a feat that strikes me as fairly awesome. (Actually, the show doesn't mark its real 20th birthday until Dec. 3, but every body else is celebrating this week-end, so I'm willing to go along.) It is, of course, to the great credit of the program's sponsor, that he has blown rapturous razz-

berries at the ratings system for such a span of years. "Voice of Firestone" has offered classical artists who couldn't be heard much on other shows and although the character of the show has changed somewhat this season, it still managed to turn out a fair measure of what is snobbishly called "good music."

Monday night, the show presented Cesare Siepi, Cesare Valletti, Dorothy Warrenskold and Rosalind Elias in a program of Mozart, Verdi, Offenbach and such. It was a pleasant low-pressure evening distinguished mainly by the fact that Siepi almost slipped down a staircase and I wish the show many more birthday days with or without stairs.

Monday night was a big night for the couch on TV, NBC-TV's Ham Bendix. The play's principal "Goodyear Theater" and CBS-TV's "Desilu Playhouse" both let me down with a terrible thump.

The Goodyear piece, "Guy in Ward 4," was about an Air Force headshrinker in World War II who rised some guilt about fixing up disturbed boys and then sending them off to possible deaths in the sky. It was an earnest effort, but unfortunately, not a very interesting one. It featured good performances by Richard Kiley, Charles Aldman and Edward Ryder.

Desilu presented Rod Serling's "The Time Element," a piece about a man who unsuccessfully tries to warn some citizens about the impending Pearl Harbor attack. Well, actually, it was more complicated than that, but it would take too long in the telling. And besides, I'm not sure you deserve to know.

It was medium level Serling, but still managed to remain engrossing. It had some nice dialogue touches and good performances by Martin Balsam and Wil-

**City Seeks Practical Easements Viewpoint**

A practical view on the presence of fences along flood control walls on North Mechanic Street should be adopted by the Corps of Army Engineers, according to city of Cumberland officials.

The Corps of Engineers, a city spokesman said, report they will not accept Sections 2 and 3 of the Flood Protection program until people take fences off the permanent easement areas.

Work on Sections 2 and 3 is in the final stages. The contractor, E. J. Albrecht Company, expects to be done by the middle of next month.

The Corps says the permanent easements, which extend from eight to 10 feet from the flood wall, must be kept open so crews can have access to the narrow strip to repair flood structures.

Most residents of the area have installed fences along their properties clear to the flood wall.

**LaVale TV Group Sets Committees**

A group met last night at LaVale Fire Hall to make plans for a drive for the installation of translator television in that community.

Committees were named to conduct a drive for individual pledges and to handle publicity for the program.

Walter N. Hedrick is chairman of the drive and will be assisted by the following team captains: Chester McGill, Edward Robson, James Walburn, John Fursenburgh, William S. Russell, James Straw.

Watson DeHart, Charles E. Kolb, Vernon Cost, Robert Walizer, J. E. J. Helms, Charles Coulter, Mrs. Helen Zehbach, H. Flint Huffman and Dr. Harry Butler.

Each captain will handle solicitation within his residential area. J. Kenneth Williams will head the publicity and will be assisted by James H. Walburn, William S. Russell, Robert H. Laffar, Vernon R. Cost and J. R. Wineland. M. C. McKenzie, president of the group, said the purpose of last night's meeting was to establish a procedure for educating the residents of LaVale on the proposed television installation, organize a solicitation setup and then decide the proper control of handling the finances of the project.

Chester A. Fisher, treasurer, said an accounting system will properly record and protect all money of the citizen. Ellerslie and Corriganville residents also were in attendance and are interested in the project for their communities.

**Jury Awards \$1,800 In Land Dispute**

An \$1,800 award for land taken by the State Roads Commission for a highway improvement project was returned yesterday afternoon by a jury in Circuit Court after a hearing in a land condemnation suit.

The land was needed for the widening and relocation of Route 36 in the vicinity of Corriganville. The suit was filed by the SRC against the late Lillie Burkett, Mrs. Grace Snider and the Millersville Refractories.

Used were .85 of an acre in fee simple and .04 of an acre of right of way. The state had deposited a check for \$1,500 with the clerk of the court.

The jury deliberated about half an hour before reaching its decision. Chief Judge Morgan C. Harris presided.

Another condemnation case involving property at the old intersection of U. S. Route 40 and State Route 36 was started today in Circuit Court.

The action was taken by the SRC against Chester W. and Helen D. Ayers, owners of the land and the Sun Oil Company, lessee of part of the property.

The state has deposited checks totalling \$37,140 for the 55 acre of land needed in the widening of Route 40 into four lanes.

The property had on it a gas-line station and a coal weighing station. William C. Walsh is attorney for the SRC while Donald W. Mason is counsel for the Ayers and the oil company.

**Firemen Answer Several Alarms**

Three alarms due to minor fires were answered yesterday afternoon by the Cumberland Fire Department.

South End firemen extinguished a fire at 802 Lafayette Avenue, answering the alarm at 3:40 p. m. shortly after returning from putting out a small blaze which started in a wood pile in the back yard of a home at 944 Gay Street.

West Side firemen were called to extinguish a brush fire on Brown Avenue, getting the call at 2:30 p. m. and returning to the station 35 minutes later.

The other three movements of the ninth will be heard in part. Alec Guinness will play Scrooge in Dickens' "A Christmas Carol" on ABC Radio Christmas Day. NBC-TV's "This Is Your Life" will tape its Dec. 3 show in Pearl Harbor, Hawaii, next Monday.

**Dear Abby** — — —  
By Abigail Van Buren

DEAR ABBY: My husband is having an affair with a widow who lives right across the street. I see with my very own eyes when he passes her house he blinks his lights and she flips her Venetian blinds. They signal back and forth and then he makes up excuses to get out of the house to meet her. He says they are only good friends, but I know she is man-hungry and not at all fussy who she goes with and she likes my husband. How should I put a stop to this?

DEAR JEALOUS: You can't stop a man from blinking his lights, neither can you prevent a woman from flipping her Venetian blinds. If you think he is "blinking" for her and she is "flipping" for him—get them both together and have a truth or consequence session.

DEAR ABBY: We have a friend who is a wonderful person, but she has the strangest cough, which to us sounds like T. B. We knew someone who had T. B. and the coughs sound identical. I know we are not doctors but we would like to find out for sure because the person visits us often and eats and drinks from our cups and plates. We also have little children around and this bothers us. We hate to hurt her feelings, but how can we find out?

DEAR CONCERNED: Tell your friend at once that she should contact her local Tuberculosis Association. They will examine her free of charge and there will be no guessing about her condition. If she does have T. B. you would be doing her a tremendous favor—and if she doesn't she will be happy to know she is well.

DEAR ABBY: Whoever started the "ethical" idea that the male should pay the way for a girl on the date? The girls enjoy it as much as the fellows and in some cases are better able to pay for it. If it weren't for the silly rules set years ago, the girls would be tickled to death to ask the fellows and pay the tab. Now what do you say to that?

RON AND PETE.

DEAR RON AND PETE: The male reserves the privilege of "hunting," choosing and asking. The female must wait to be discovered, chosen and asked. The male can pay for this privilege.

DEAR ABBY: I haven't been married six months yet and I'm having a terrible problem with my husband. I am 19 and he is 27 and he is insanely jealous of me for no reason at all. He accuses me of encouraging the delivery men or any neighbors. I happen to smile at him. Is he even jealous of my own brother and says he doesn't want him around here unless he's drunk. I'll take the truth syrum or even go to the police station and let them give me a test on the lie detecting machine. I'll do anything you say to prove I am a faithful wife. I can't take any more of his jealousy. Please help me.

FAITHFUL.

DEAR FAITHFUL: Your husband has the problem. Constant false accusations are symptoms of a sick mind. He should see a doctor.

CONFIDENTIAL to Art: It takes two to tango. Sit this one out.

**Dr. Kato Says People Too Healthy On Island**

TANGIER ISLAND, Va. (AP)—When Dr. Mikio Kato agreed last year to leave his home 8,000 miles behind and serve as the only doctor on this Chesapeake Bay island, he didn't realize his patients would be so healthy.

That's why, the 34-year-old Japanese physician said Monday, he wants to leave. Not to return to Kobe, Japan, but to some other American community where he can apply and expand his skill as a healer.

"I feel as if I'm getting rusty," explained Kato.

He denied reports that he had already decided to abandon Tangier Island and its historic community of fishermen for Longacres, in the coal mountain country of Western Maryland. But Longacres is one of several places he is considering, he said.

Nineteen months of the island have brought him the warm friendship of Tangier's 1,100 or so residents. He married one of them, the former Emma Sue Crockett. One of her ancestors, John Crockett, settled Tangier in 1686.

Despite the affection he holds for the island and its people, said Kato, his stay has also convinced him he "should be doing more."

"Business is getting dull," he said.

Kato, besides being a physician, is also a surgeon.

"Some days I have only one or two patients. And then I may have none at all. It has been almost a year since I've done an operation," he recalled.

"You know I have to think about the future and there are many more things I want to learn."

"There just aren't many sick folks on the island. They're a healthy sort of people."

"Money has nothing to do with my wanting to leave. The folks here have been so good and kind, and I begin to feel sorry when I think about leaving."

Kato came to Tangier under a one-year agreement. He and Miss Crockett, who had worked as his nurse, were married six months after his arrival. He agreed to stay on another year, treating the island's ill and injured in the new \$28,000 medical center built shortly before he came.

Next to the medical center, residents began building a \$6,000 home for the Katos.

For his "sense of duty" and "unselfish devotion to medicine's highest ideals," the Virginia Council of Health and Medical Care last October honored Kato. He couldn't attend the presentation in Washington. A wave of flu had hit the island and he was needed there. One of his patients was also about to have a baby.

Kato said Monday he had already applied for medical licenses in other States where he may move.

"But right now I have no definite plans," he said. "I realize the need for a permanent doctor on the island and will do all I can to see that they get one."

**Former Area Youth Killed In Accident**

Stephen B. Wenrich, 19, of Hollywood-on-the-Severn, a native of Allegany County, was killed Sunday night in a car crash.

The victim suffered a fractured skull when the car in which he was riding ran off the road and slammed into a tree.

Police said the youth, son of Mr. and Mrs. Elton "Bo" Wenrich, former residents of Ellerslie, may have been in the wrecked car for almost an hour before he was taken to a hospital. Young Wenrich was pronounced dead on arrival at the institution.

Charges were placed against Russell Keyser, 19, of Elvaton Acres. He is being held at county police headquarters at Fennell in lieu of \$1,500 bond.

The dead youth's father was a former baseball player in the old Pen Mar Baseball League; having caught for Ellerslie and Barreville nearly 25 years ago.

The family moved from Ellerslie about 16 years ago and resided in York, Pa., for some time before moving to Severna Park.

Stephen Wenrich was born in 1939 at a Cumberland hospital, one of twin sons, the other of whom died at birth. The Wenrichs have another son, Michael, 14.

W. L. Wenrich of Ellerslie is an uncle of the dead boy.

State Police said Keyser suffered a leg injury in the accident, another occupant — Richard Hummell, 17, of Millersville — received cuts of the head and hand.

Patrolman Herbert L. Drenner said Hummell gave a signed statement that Keyser was driving the death car. Drenner said Hummell's statement indicated Keyser had been trying to outrance another car approaching from the rear.

Keyser denied he was driving. He and the driver of the other car — Dewey Napier, 22, of Elvaton — also denied they were racing.

The crash occurred on Earleigh Heights Road about a mile from the Benfield Road in Severna Park. Police said the car failed to make a turn, hit a mailbox, went off the left side of the road, crashed into the woods, snapped off one tree six inches thick and came to rest against another.

Charges placed against Keyser, were reckless driving, drunken driving, speeding, driving without a license, failure to aid an injured person and failure to reduce speed at a curve.

The car was described as a total loss.

Hummell told police he and Keyser were picked up by Napier after the accident, leaving Wenrich at the scene. He said he called a friend from a Ritchie Highway telephone booth, and they went to tell Wenrich's father of the accident. Then they returned to the wrecked car and summoned help at 12:14 a.m.

Hummell said he and Wenrich had been to a roller skating rink earlier in the evening and met Keyser at a drive-in restaurant. He said they left the drive-in about 11:10 p.m.

**Local Nurse Gets New Post**

The Air Force has assigned Lt. Estella J. Nicholson, daughter of Mr. and Mrs. Samuel A. Nicholson, 33 Memorial Avenue, as officer in charge of the operating room at Williams Air Force Base in Arizona.

Lt. Nicholson arrived at Williams Air Force Base last July, being transferred from Gunter AFB, Ala., where she completed the Air Force's three-week basic orientation course for nurses. She had entered active duty with the Air Force last June.

She is a graduate of Fort Hill High School and the Church Home and Hospital School of Nursing at Baltimore. She served as clinical instructor and supervisor of the Church Home operating room from 1953 until entering the service.

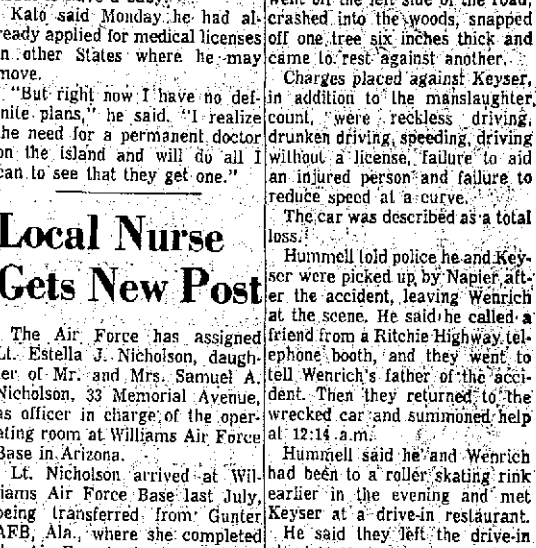

After duty hours, Lt. Nicholson is continuing her studies by attending on-base Phoenix College extension courses, and is active in several professional nurses' organizations.

**County Issues Permit To Frostburg Resident**

A building permit has been issued to William W. Schumaker, 606 Hill Street, Frostburg, by the Allegany County Assessing Department.

The 24 foot by 44 foot dwelling, with a cellar will be built at a cost of about \$6,500. It will be constructed of brick veneer and will have a concrete block foundation and composition shingle roof.

# Your Horoscope

Look in the section in which your birthday comes and what your outlook is, according to the stars.

**For Wednesday, November 26, 1958**

**MARCH 21 to APRIL 20 (Aries)**—Take ample time to think things over before acting. Don't anticipate what others are going to say; give them the benefit of your own judgment. Good suggestions.

**APRIL 21 to MAY 21 (Taurus)**—Curb your appetite for food and drink. You are entitled to refresh, hold back some enthusiasm for the time being. Others could disrupt your plans if you don't remain calm and think things out for yourself.

**JUNE 22 to JULY 23 (Cancer)**—It is possible to make advances in personal affairs, matters pertaining to home, family, income and investments now. Go first; then act.

**JULY 24 to AUGUST 23 (Leo)**—Some prospects may seem dubious at the moment. Success, however, is possible if you direct your efforts in the proper channels. You must summarize study; then act consistently and intelligently to win.

**AUGUST 24 to SEPTEMBER 23 (Virgo)**—Planetary aspects are not particularly stimulating now, but there are many hectic avenues you could follow. The "catch" lies in your choice of the right road to take. Fortitude needed.

**SEPTEMBER 24 to OCTOBER 23 (Libra)**—Problems, obligations may seem trying in the early hours. But be patient. Do not allow anything to sway your own judgment; you are entitled to do right. Success is possible.

**OCTOBER 24 to NOVEMBER 23 (Scorpio)**—If you are shrewdly alert and careful in expressing opinions you can move forward appreciably. Clean-cut action will be best. Be careful about keeping records straight.

**NOVEMBER 24 to DECEMBER 23 (Sagittarius)**—Make haste slowly, mentally referring to past experiences and the knowledge you gained through them. Be adaptable in quickly changing conditions and you can achieve top results.

**DECEMBER 24 to JANUARY 20 (Capricorn)**—You may have to ferret out opportunities and new openings if you would meet today's keen competition. Putting forth your best efforts, however, you can make rapid strides toward achievement.

**JANUARY 21 to FEBRUARY 19 (Aquarius)**—Fine Uranian influences. This is a day wherein you could take chances. Aim high, but actually, of course, nothing risked, nothing gained; wake up and "show your stuff."

**FEBRUARY 20 to MARCH 20 (Pisces)**—Home matters, advertising, publicity, trading, banking, building, electric, research, highly favored. Methods of saving time, energy and money should be investigated.

**YOU BORN TODAY** are endowed with foresight, imagination, inner strength, force, magnetism, and keen judgment. Keep your strength and force within bounds, directing it thoughtfully, and you will become a person of vital importance. Others are influenced by your words; think well before expressing opinions. Your persuasive power can be turned to excellent use in writing, orating, the law. (King Features)

### Bidder Lied; Makes Seven

By OSWALD JACOBY  
Written for NEA Service

Milton Unger of New York writes in his usual entertaining style:

"Here is a tough luck hand. True enough, I bid six and made seven, but my partner really got mad at me. You see, I was not proud of my opening bid and when she asked for kings I lied and bid six clubs only, showing no kings while actually I held two of them. If I had just made six my partner would have forgiven me; now she is still mad."

Opening lead—♥K			

The opening lead and three rounds of clubs followed. Milton ruffed the third club lead with dummy's nine of trumps. An unusual safety play that guarded against any combination of adverse trumps—even five in one hand. Once the nine spot held the trick Milton made seven.

Strangely enough, if seven had been bid the best percentage play would have lost the hand. Al seven Milton would have ruffed with dummy's queen. This would lose against the actual 4-1 trump break but would win against any 2-2 break. The odds are better than two to one in favor of a suit breaking 2-2.

The problem of lying about your aces and kings arises frequently when the "Blackwood" convention is used. It will be discussed in the next couple of articles.

## State Dairymen Holds Meeting

John Morris, dairymen of the Extension Service of the University of Maryland, yesterday conferred with Joseph M. Steger, Allegany County farm agent, and his assistant, James B. Arnold. They outlined the dairy program in the county for 4-H Club members and the adult program. They also considered topics for discussion during the winter feed meeting next February.

A twilight tour scheduled next summer was also discussed. Morris conferred with Arthur sold on fitting and showing of livestock at the Cumberland Fair next year. This pertains to 4-H and adult exhibiting.

Last night Morris met with the 4-H Dairy Club at Steger's office to discuss possibilities of the program for the coming year.
